subject.

Electricity is Nature's Greatest Tonic

But to get the best results from electrical treatment you must have the right kind of an instrument and apply it properly. Our batteries are constructed of the best materials by expert mechanics. They are operated by dry cells, always ready for use, are very compact and durable and do not get out of order. They are used and recommended by hundreds of physicians. With each one of our batteries we send gratis a copy of "Suggestions and Directions for Treating Disease with Faradic Currents of Electricity," by J. J. Mackey, M. D. This little book gives full and explicit instructions for using the batteries at home. Paralysis, Rheumatism, Lumbago, Nervousness, etc., readily yield to the currents of electricity generated by our batteries applied under Dr. Mackey's methods.

FALLING HAIR AND BALDNESS Absolutely Cured

There is but one way to tell the reason of baldness and falling hair, and that is by a microscopic examination of the hair itself. The particular disease with which your scalp is afflicted must be known before it can be intelligently treated. The use of dandruff cures and hair tonics, without knowing the specific cause of your disease, is like taking medicine without knowing what you are trying to cure.

Send three fallen hairs from your combings to Prof. J. H. Austin, the celebrated bacteriologist, who will send you ABSOLUTELY FREE a diagnosis of your case, a booklet on care of the hair and scalp, and a sample box of the remedy which he will prepare especially for you.

"It is most timely and helpful, so full of good things the temptation to quote liberally is strong. In reading, one wonders how many of the author's profession will step forth from the ranks of conservatism and stand beside him in the bright light of the noonday sun."

THE GREATEST DISCOVERY IN THE ART OF HEALING IS THE "SCHAEFER SYSTEM"

A universally beneficent discovery is the irrefutable, natural treatment of Prof. G. H. A. Schaefer, of Erie, Pa. (formerly of Buffalo, N. Y.)

Based on Strictly Scientific Lines,

and made publicly known toward the end of 1898, which has been acknowledged by all those who have so far used it, according to directions, as the only natural treatment for all kinds of diseases. According to the Schaefer System, any momentary indisposition is quickly removed, and sickness of any kind is cured, helped or lessened quicker, better and surer—of course, within its natural limits—than with any other therapeutic remedy.

This treatment consists in leading electricity into the human body in a mild, nearly imperceptible, and therefore agreeable way, by means of a proper apparatus, producing the so-called physiological current. No therapeutic mistake or error whatever happens, because Nature never makes any mistakes.

The cures made by the Schaefer System for the past ten years, in the city of Buffalo, Los Angeles and Erie, are such as cannot be claimed by any other system of healing. I do not call my System a science, as there is no such a thing as science in healing. Nature cures. It is useless to name every disease curable by the Schaefer System, for it will cure most any disease, excepting galloping consumption of the lungs, which I call really incurable; also too far advanced cases of chronic consumption. In acute diseases it will cure pneumonia, diphtheria, typhoid fever, scarlet fever, rheumatism, and syphilis in all its stages. It will cure goitre, every case of dyspepsia, kidney and liver trouble, St. Vitus dance, blood poisoning, and prevent lock-jaw, all diseases caused by vaccination, eczema, salt rheum, lupus, and every form of skin disease, paralysis, etc.

The Schaefer System will not raise the dead, nor make old people young again, but it will relieve suffering humanity, and when death does come, make a peaceful death.

In the Schaefer System, you go to the sick bed with the utmost certainty that, in case of any acute disease, you can cure the patient; in too far advanced cases, where all hope for a cure is lost, that you relieve the suffer-

ing, at least, with a natural remedy, and make death as easy as possible.

MR. WM. H. PRIME,

Age forty; sick for seven years with spinal paralysis. Fourteen of the best specialists in the city of Buffalo, N. Y., had treated him, and given his case up, as incurable. The rolling chair was the only means to move him around the house. He was brought to the Schaefer Home for treatment. The sixth week he could walk with a cane, and at the end of the third month went to work at his trade as plumber and gas fitter, and is working at it to-day—three years after the cure.

MRS. C. ELSER,

Erie, Pa., was suffering for ten years with a terrible nerve and brain disorder (age 60). She was constantly thinking of destroying her own life, as her soul was draped in darkness. The cause of her malady to my opinion was brought on by "change of life." Medical men of all grades were consulted far and near by her friends, without result. Magnetic healers applied their power; osteopaths tried to rub her brain straight and to correct her nerves, and the Kneipp-Water-Man applied cold water in a Kneipp sanitarium in New York, but all flatly failed. She was brought to me in November, 1908. After six weeks' treatments with my Healer she was starting, to the surprise of her husband and children, to do her housework again, and now, after four months treatment, she says, "God and Dr. Schaefer are my best friends on earth."

Thousands have found a simple cure for their ailments by the Schaefer invention, so do not despair; there is help for all, if you will take hold of it. The so-much dreaded operations in Female Diseases are overcome by the Schaefer System. Schaefer's System will build up and give strength to those parts, and sweet Nature will do the rest. *Why not write and find out yourself?*

You can live 100 years

Why not?

Eternal health means eternal youth.

Science is pointing the way so to live that the rapid decay of the system, which we have believed inevitable, is combated by pure thoughts, pure food and pure air, and satisfactory sex life.

Read Harry Gaze's New Book

How to Live Forever

Here is what W. R. C. Latson, M. D., editor of Health Culture, says:

"The author of this ingenious and suggestive book advances the somewhat startling claim that somatic death—that is, the death of the body as a whole—is due to causes which may be averted; and that, by proper means, one may so control the bodily functions as to retain the body indefinitely. I do not hesitate to say that while Mr. Gaze's conception of the possibility of physical immortality is unique, there is nothing in the accepted facts of physiological science by which his position can be refuted.

A Study of this book will at least add many years to your life, and will give you the health and buoyancy of youth in those years that others consider old age. Mr. Gage's work is scientific and practical throughout, full of suggestion and advice on your daily life. You must read

"HOW TO LIVE FOREVER."

The Ensign Remedies

are the only remedies using the twenty-nine tissue salts (Ensign), as they are our own discoveries. The twelve tissue salts of Schuessler are used by some physicians in all parts of the world, and they have made many brilliant cures and more failures. The cures, because the twelve tissue salts are necessary elements of the human body, and whenever one or more are lacking, producing abnormal or disease states, then the supplying of such need must result in cures, for the cause of disease no longer exists. The failures, because the twelve tissue salts are only a part of the elements of the body, and whenever a need for some other element exists, the twelve cannot supply it. Give Nature the material, in usable form, and she cures.

Even with twenty-nine salts we have not all of them. Some persistently elude us. One of these days we shall set them in their places in the human body and the system will be perfect. As it is, we have the main elements, and have brought very near to perfection a system correct in theory, but in a very imperfect state.

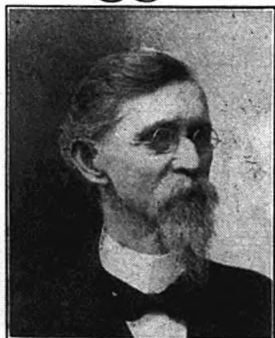

We have demonstrated that all diseases are curable. There may be cases past the point of reaction, but where there is life there is hope in the use of the Ensign Remedies. We furnish Remedies for the cure of all diseases. We list fifty-one, for the convenience of the public and dealers, but if your disease is not in the list write us fully, giving a detailed history of your trouble, when it started, what acute attack you may have had prior to the commencement, a list of the ailments you have had with the treatment used. Then the present symptoms, your age, bodily state, occupation. Give all peculiar sensations. If the mind is affected, state it. We will send you the tissue salts needed. The price of unlisted Remedies is uniformly \$1.00.

All Remedies are put up in small granules, the vial containing about sixty doses, and can be carried in the vest pocket or purse. All salts are tasteless, odorless, colorless, and the granules are to be allowed to dissolve slowly in the mouth.

Three booklets, "General Diseases," "Private Diseases," "Women's Diseases," free. A postal gets them.

The Enk Preparations are not drugs. We put nothing into the human body which does not belong there in a state of health. Our theory of the cure of disease is the re-establishment of natural conditions; to enable Nature to perform her perfect work; not to force or compel her to work according to our ideas or fancies. The symptoms of disease inform us what elements are lacking or in excess. We challenge the world to equal these preparations in practical results. PATENTED.

Worn next the body.

90 PER CENT of all men who wear a support are doing so on the advice of physicians—simply because they failed to realize its importance while in health.

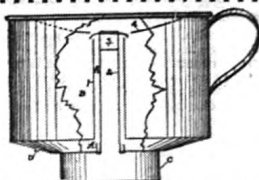

Men who value the power of manhood or a refined appearance, wear the **ADONIS** as a safeguard and comfort, to keep well and sound. Varicocele is the cause of nearly all nervous break-downs among men. With this insidious disease sapping the nerve-force, there is not sufficient reserve for the duties of life. It usually comes from lack of support; sometimes from a bruise or strain.

Every physician who really desires a cure, prescribes a support, and the **ADONIS** is the one, wherever it is known. PUBLISHER SUGGESTION.

THE LAW OF MENTAL MEDICINE

THE LAW OF MENTAL MEDICINE, by Thomson J. Hudson, LL. D., author of "The Law of Psychic Phenomena," is an epoch-making book. It shows how the Law of Suggestion underlies *all* forms of healing—faith cure, relic cures, miracles, mental science cures, Christian Science cures, absent treatment, magnetic cures, psychic cures, Divine healing, etc., etc. The Law of Suggestion is the great basic law of human experience, thought and action. Its most important field relates to health, hygiene and healing. All miraculous cures from relic cures to patent medicine cures depend solely upon the Law of Suggestion.

It has been applied ignorantly and blindly, and yet marvelous results have been achieved; what will be the result when intelligently understood and intelligently applied? Dr. Hudson shows the way. There is no mystery about wonderful drugless cures; the art of healing is now on a scientific basis, and every one can be informed regarding one of the most important laws of human existence.

Readers of THE LAW OF MENTAL MEDICINE will be in a position to combat all delusions regarding healing; they will understand why drugs cure; why shrines cure; why liver pills cure; why vile patent medicines sometimes cure—but they will learn that all these things are but a

means of conveying a suggestion—the subconscious mind does the rest.

We want 1,000 new subscribers and have secured an option on 1,000 copies of *THE LAW OF MENTAL MEDICINE*; we propose to give these books away to the first 1,000 persons who comply with the following conditions:

New subscribers who remit \$1.50 will receive *SUGGESTION* one year, and a copy of *THE LAW OF MENTAL MEDICINE* postpaid; foreign, \$1.75.

Old subscribers who remit \$1.75 will receive *SUGGESTION* one year and a copy of *THE LAW OF MENTAL MEDICINE*; foreign, \$2.50.

Those who remit \$2.00 for a renewal and a new subscription or two new subscriptions will receive *THE LAW OF MENTAL MEDICINE*, postpaid; foreign, \$2.50.

Every student of the New Psychology, every one interested in psychic research, every one believing in drugless healing needs this book; it is a book for the advanced thinker; for every one who would have health, or who would assist others in the way of health.

Any 50-cent publication devoted to advanced thought or health may be included in the above offer by adding 25 cents; any dollar publication by adding 50 cents.

The price of *THE LAW OF MENTAL MEDICINE* is \$1.30 postpaid; cloth, 281 pages.

Gray or Faded Hair or Beard

Can now be restored to its natural color by taking medicine internally (10 to 20 drops, 3 times a day) that supplies the blood with this particular coloring matter. I discovered this fact some years ago while giving this medicine to a lady 68 years old, whose hair was white. She was greatly surprised (but no more so than I was) to see her hair gradually getting darker and it became a Nice, Glossy Black, with not a gray hair on her head. I do not understand what causes the change in color, unless, as stated above, the medicine furnishes the blood with some certain coloring matter that nature has failed to supply. I have this formula printed and will send to anyone for only \$2.50 and will refund your money if it fails to restore the color as it was when young. It is harmless. Can get it in any drug store. I have sold this formula to hundreds and have not been asked to refund the money by to exceed half a dozen. The same medicine will prevent hair from ever turning gray. Address

Another Declaration of Independence!

In his long and laborious struggle for mental and physical freedom, man will cheerfully welcome a book that is written to free him from the fetters which, as the remains of a dark and barbarous age, still firmly grasp his body and mind. This book **"The Diagnosis from the Eye,"** deals with a wonderful discovery by which everybody with but little gift of observation will become able to diagnose from the iris of the eye alone his inherited and acquired tendencies towards health and disease, the effects which accidents, operations, poisonous drugs and medicines, stimulants and narcotics have had on his system.

But more than this, the book teaches also how to cure disease, to heal injuries and to keep well and vigorous by the simple methods which nature employs throughout the organic world; it brings a message of hope and health to all who suffer from the pernicious practices of a pseudo-science; it *lightens the way that leads to a happy and harmonious life.*

"The Diagnosis from the Eye" is written in a plain and popular language and contains 150 pages with 72 original illustrations, fully explaining this wonderful art which will be a revelation to you. **CLOTH, PREPAID, \$2.00.**

Suggestive Therapeutics and Rational Hygiene

All methods of healing will ultimately merge into one great system, and the basis of that system will be Suggestive Therapeutics and Rational Hygiene. Right Thinking and Right Living are the twin principles of modern therapeutics.

The standard work on these subjects is Dr. Parkyn's Mail Course in Suggestive Therapeutics; endorsed by thousands of physicians, editors and students. The only modern scientific work dealing with the Law of Suggestion.

Full information, table of contents, terms, testimonials, etc., mailed upon receipt of postal card.

SUGGESTION MOTTO PAGE.

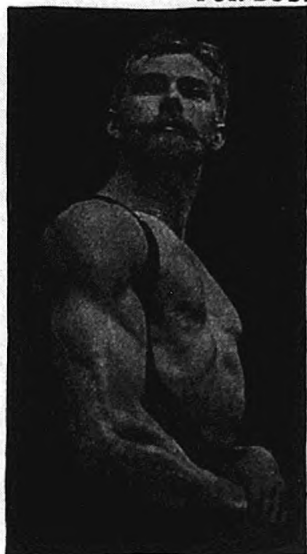

**Faith steps out on seeming

Cut out the above: paste on cardboard with generous margin and hang where it will do the most good.

Illustrated Hints for Health and Strength

FOR BUSY PEOPLE OF BOTH SEXES.

By **ADRIAN PETER SCHMIDT**, Professor
of Higher Physical Culture

POPULAR EDITION of this
work Reduced from \$1.50 will be
sent for **ONE DOLLAR** prepaid.

"ILLUSTRATED HINTS" presents intelligently and concisely to busy people an exceptionally practical and simple method of counteracting the detrimental effects resulting from sedentary occupation and should be in the hands of every one interested in this subject.

It is cleverly illustrated with large plates. It is void of meaningless and rehearsed reading matter and does not contain exercises picked up at random, but presents a carefully systemized construction of rational exercises, based on physiological observations made from life. Its practise will greatly benefit every one who will devote ten to fifteen minutes to the care of the body. No apparatus required.

It will positively give you what exponents of other systems promise you. Its great value is recognized by prominent men in the business and social world, also clergymen and others, who have tested the author's method.

The author, desirous of placing his system of higher physical culture within the reach of all, has refrained from having it printed in letter form and selling it as instruction, by mail, for a high price, offers a popular edition of this great work, complete, for **ONE DOLLAR**.

SYNOPSIS OF CONTENTS.

The exercises can be made mild or strong, in harmony with

the proportionate increase of strength and energy, and will combine great vigor and suppleness.

The method is arranged so as to concentrate the effect chiefly on one part of the body, to any degree of strength desired, while other parts are at rest.

FIRST PART (takes from five to seven minutes.)

It begins with an exercise stimulating energy and strengthening the grip muscles with a newspaper. Then the muscles covering the upper back, neck and shoulders. Then the lower extremities in four different positions in order to reach every one of their muscles and joints. Combination exercise that will strengthen the lungs and increase their capacity, give great flexibility to the chest walls and suppleness to the joints of hips, shoulders and neck.

SECOND PART (five to ten minutes.)

Presents a set of exercises which positively will develop the most important muscles of the body to any degree of strength desired, especially

THE ABDOMINAL MUSCLES.

They are neglected by the majority, even by athletes who show remarkable development otherwise. To build up perfect health and vital power, it is absolutely necessary to develop the abdominal muscles to that degree of strength intended by nature.

These exercises are original with the author and have done wonders for him and every one of his pupils. One will be surprised at their simplicity.

Then follows an exercise that relaxes and massages the abdominal muscles and internal organs and strengthens the small of the back.

Also an exercise that gives an effective massage to the spine and all the muscles covering the entire surface of the upper and lower back.

The book concludes with directions how to fully obtain the tonic effect of a cold bath.

SPECIAL OFFER. The price of this superb work is \$1.00. We have purchased 500 yearly subscriptions for **SUGGESTION**, and will send a copy of **ILLUSTRATED HINTS** and a year's subscription to **SUGGESTION** for \$1.10. This offer will be withdrawn after 500 copies have been disposed of. Address

THE GREATEST DISCOVERY IN THE ART OF HEALING IS THE "SCHAEFER SYSTEM"

A universally beneficent discovery is the irrefutable natural treatment of Prof. G. H. A. Schaefer, of Erie, Pa. (formerly of Buffalo, N. Y.)

Based on Strictly Scientific Lines,

and made publicly known toward the end of 1898, which has been acknowledged by all those who have so far used it, according to directions, as the only natural treatment for all kinds of diseases. According to the Schaefer System, any momentary indisposition is quickly removed, and sickness of any kind is cured, helped or lessened quicker, better and surer—of course, within its natural limits—than with any other therapeutic remedy.

This treatment consists in leading electricity into the human body in a mild, nearly imperceptible, and therefore agreeable way, by means of a proper apparatus, producing the so-called physiological current. No therapeutic mistake or error whatever happens, because Nature never makes any mistakes.

The cures made by the Schaefer System for the past ten years, in the city of Buffalo, Los Angeles and Erie, are such as cannot be claimed by any other system of healing. I do not call my System a science, as there is no such a thing as science in healing. Nature cures. It is useless to name every disease curable by the Schaefer System, for it will cure most any disease, excepting galloping consumption of the lungs, which I call really incurable; also too far advanced cases of chronic consumption. In acute diseases it will cure pneumonia, diphtheria, typhoid fever, scarlet fever, rheumatism, and syphilis in all its stages. It will cure goitre, every case of dyspepsia, kidney and liver trouble, St. Vitus dance, blood poisoning, and prevent lock-jaw, all diseases caused by vaccination, eczema, salt rheum, lupus, and every form of skin disease, paralysis, etc.

The Schaefer System will not raise the dead, nor make old people young again, but it will relieve suffering humanity, and when death does come, make a peaceful death.

In the Schaefer System, you go to the sick bed with the utmost certainty that, in case of any acute disease, you can cure the patient; in too far advanced cases, where all hope for a cure is lost, that you relieve the suffer-

ing, at least, with a natural remedy, and make death as easy as possible.

MR. WM. H. PRIME,

Age forty; sick for seven years with spinal paralysis. Fourteen of the best specialists in the city of Buffalo, N. Y., had treated him, and given his case up as incurable. The rolling chair was the only means to move him around the house. He was brought to the Schaefer Home for treatment. The sixth week he could walk with a cane, and at the end of the third month went to work at his trade as plumber and gas fitter, and is working at it to-day—three years after the cure.

MRS. C. ELSER,

Erie, Pa., was suffering for ten years with a terrible nerve and brain disorder (age 60). She was constantly thinking of destroying her own life, as her soul was draped in darkness. The cause of her malady to my opinion was brought on by "change of life." Medical men of all grades were consulted far and near by her friends, without result. Magnetic healers applied their power; osteopaths tried to rub her brain straight and to correct her nerves, and the Kneipp-Water-Man applied cold water in a Kneipp sanitarium in New York, but all flatly failed. She was brought to me in November, 1903. After six weeks' treatment with my Healer she was starting, to the surprise of her husband and children, to do her housework again, and now, after four months treatment, she says, "God and Dr. Schaefer are my best friends on earth."

Thousands have found a simple cure for their ailments by the Schaefer invention, so do not despair; there is help for all, if you will take hold of it. The so-much dreaded operations in Female Diseases are overcome by the Schaefer System. Schaefer's System will build up and give strength to those parts, and sweet Nature will do the rest. *Why not write and find out yourself?*

Public Opinion: "The author discusses the marriage relation as it exists at present, and pleads that woman be raised to a position in which she shall have complete control of her own person, and shall be saved from the fate of a mere propagative drudge."

The Ensign Remedies

are composed of physiological foods, the most vital elements of the body. Albumen, fats, etc., make bulk, but the life and animation of the body is only possible through the cell salts. Therefore they are the most necessary foods, and the nearer they are maintained in the body at the natural proportions the more susceptible that body is to good impressions and the more capable in transmitting them. In maintaining the mind at a rational standard the cell salts are the only necessities. To see, to think, to remember, and all other voluntary mental acts the salts furnish all of the elements. Indeed, without the

body would be an inanimate, shapeless mass, without form and void. Then it is more important to attend to this food supply than to any other. We furnish the salts in such form that they are at once assimilated and enter immediately into the cell life. We use 29 tissue salts.

We cure all diseases by feeding the tissues: The nerves, the brain, the muscles, the bones. We enable Nature to build up and repair.

All remedies are put up in small granules, dry, the via's containing about sixty doses. Forty remedies are sold at 25 cents each. For private diseases the price is \$1.00.

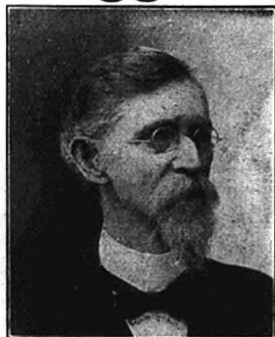

We have four booklets now. One on General Diseases, one on Private Diseases, one on Diseases of Women, and a special booklet (just out) on the Cause and Cure of Varicocele. A request will bring you any or all of these.

Eyesight Restored

THE EYE

OPERATIONS
IN MOST CASES
CAN BE
AVOIDED.

DEFECTIVE VISION

Nearly all cases of impaired vision are due to congestion, caused from poor circulation of the blood, and until this congestion is removed the eyesight cannot be restored. The "Actina" treatment restores perfect circulation in all parts of the eye, and its use not only enables people to abandon the use of glasses for street use, but they can be abandoned in 95 cases out of 100 for reading purposes.

GEN. ALEX. HAMILTON, Tarrytown on the Hudson, N. Y., writes us:

"That since using 'Actina' he wears no glasses." Hundreds of such cases can be cited.

REV. WM. B. HARMON, Tallahassee, Ala., writes:

"I had been treated by doctors many years, but failed to get relief. I commenced to use 'Actina' September 21, 1902. I had worn spectacles for fourteen years. I have not worn glasses since the first of February last, besides have no use for pills or plasters. 'Actina' is worth many times its cost; would not part with mine."

MR. A. O. T. PENNINGTON, Massachusetts Bldg., Kansas City, Mo., writes:

"'Actina' cured my mother of cataracts and strengthened her sight. She is eighty-two years of age."

"ACTINA" ALSO CURES Granulated Sore Eyes, Cataracts, Glaucoma, and other severe forms of Eye Disease.

During the last ten years hundreds of persons suffering from such forms of disease have applied to us, having been given over as incurable by the best oculists of the country, and in a few months were restored to perfect sight by the use of "Actina."

"Actina" is a **Home Treatment** and self-administered. The one instrument can be used by all the members of a family.

PUBLISHER SUGGESTION.

THE LAW OF MENTAL MEDICINE

THE LAW OF MENTAL MEDICINE, by Thomson J. Hudson, LL. D., author of "The Law of Pyschic Phenomena," is an epoch-making book. It shows how the Law of Suggestion underlies *all* forms of healing—faith cure, relic cures, miracles, mental science cures, Christian Science cures, absent treatment, magnetic cures, psychic cures, Divine healing, etc., etc. The Law of Suggestion is the great basic law of human experience, thought and action. Its most important field relates to health, hygiene and healing. All miraculous cures from relic cures to patent medicine cures depend solely upon the Law of Suggestion.

It has been applied ignorantly and blindly, and yet marvelous results have been achieved; what will be the result when intelligently understood and intelligently applied? Dr. Hudson shows the way. There is no mystery about wonderful drugless cures; the art of healing is now on a scientific basis, and every one can be informed regarding one of the most important laws of human existence.

Readers of THE LAW OF MENTAL MEDICINE will be in a position to combat all delusions regarding healing; they will understand why drugs cure; why shrines cure; why liver pills cure; why vile patent medicines sometimes cure—but they will learn that all these things are but a

means of conveying a suggestion—the subconscious mind does the rest.

We want 1,000 new subscribers and have secured an option on 1,000 copies of **THE LAW OF MENTAL MEDICINE**; we propose to give these books away to the first 1,000 persons who comply with the following conditions:

New subscribers who remit \$1.50 will receive **SUGGESTION** one year, and a copy of **THE LAW OF MENTAL MEDICINE** postpaid; foreign, \$1.75.

Old subscribers who remit \$1.75 will receive **SUGGESTION** one year and a copy of **THE LAW OF MENTAL MEDICINE**; foreign, \$2.50.

Those who remit \$2.00 for a renewal and a new subscription or two new subscriptions will receive **THE LAW OF MENTAL MEDICINE**, postpaid; foreign, \$2.50.

Every student of the New Psychology, every one interested in psychic research, every one believing in drugless healing needs this book; it is a book for the advanced thinker; for every one who would have health, or who would assist others in the way of health.

Any 50-cent publication devoted to advanced thought or health may be included in the above offer by adding 25 cents; any dollar publication by adding 50 cents.

The price of **THE LAW OF MENTAL MEDICINE** is \$1.30 postpaid; cloth, 281 pages.

Have You the Fair Average Success?

Then you ought to be ashamed of yourself. Like "NEAR SILK," "NEAR DIAMONDS," and all the rest of the "CLOSE IMITATIONS," the woods are full of those "NEAR SUCCESSES."

There is the making of something better in you and I want to help you break away from the fatal average.

My book "HOW TO ATTAIN SUCCESS" is a text book for those who insist on complete success, not "NEAR SUCCESSES." It is not filled with chatty little facts you already know. ONE \$60.00 MAN STUDIED IT GOOD AND HARD AND NOW HE HAS AN INCOME UP IN THE FIVE FIGURES.

You can do the same—it's only a question of developing the forces you already possess. LEARN PSYCHOLOGICAL LAWS OF SUCCESS—AND PRESTO SUCCESS IS YOURS.

Gray or Faded Hair or Beard

Can now be restored to its natural color by taking medicine internally (10 to 20 drops, 3 times a day) that supplies the blood with this particular coloring matter. I discovered this fact some years ago while giving this medicine to a lady 68 years old, whose hair was white. She was greatly surprised (but no more so than I was) to see her hair gradually getting darker and it became a Nice, Glossy Black, with not a gray hair on her head. I do not understand what causes the change in color, unless, as stated above, the medicine furnishes the blood with some certain coloring matter that nature has failed to supply. I have this formula printed and will send to anyone for only \$2.50 and will refund your money if it fails to restore the color as it was when young. It is harmless. Can get it in any drug store. I have sold this formula to hundreds and have not been asked to refund the money by to exceed half a dozen. The same medicine will prevent hair from ever turning gray. Address

A PRACTICAL COURSE IN
SFLF-DIAGNOSIS and SELF-HEALING

BY MEANS OF

"THE DIAGNOSIS FROM THE EYE"

By H. E. LANE, M. D.

This is a most remarkable book—the result of years of careful observation and research.

It deals with the *wonderful discovery* that every constitutional and congenital taint and lesion, every artificially cured (suppressed) disease, every poisonous drug, every acute and chronic inflammation, every loss of substance shows itself by unmistakable signs in the *iris of the eye*.

It confirms the *natural methods of healing* by sunlight, air, water, exercise, rest, and proper diet as fully explained in the book.

"The book is the work of a most intelligent mind, one intent on the acquisition of truth and untiring in its search therefor. It is a wonderfully interesting piece of writing, put into a shape admirably adapted to making the subject clear to all who read."—*Boston Ideas*.

A Fine Investment---An Income for Life.

WOULD you like to invest some money in a safe, permanent agricultural and real estate proposition which will pay good dividends from the start and increase the dividends yearly till a moderate investment made now will yield a handsome income for life?

THE MOTZORONGO CO.,

owners of 165,000 acres of finest tropical lands, with \$500,000 worth of permanent improvements on them, offers you such an investment.

Its stock was taken off the market a few months ago, but in order to increase the capacity of its sugar plant fivefold by the installation of some new machinery, which is already on the road to the plantation, another small allotment of treasury stock is offered to the public.

If you are looking for an investment that will bring you

100 PER CENT PER MONTH,

or even 1 per cent per week, you will not find it in Motzorongo. But if you are looking for a solid, safe, permanent investment that will bring you fair dividends each year, for a year or two, and will then increase dividends steadily every year, you should learn all about the Motzorongo Company. Its real estate holdings alone are worth more than its total capitalization, and the value of its lands is increasing daily. Does this not look pretty good to begin? It is a guarantee that your principal is safe to start with. But besides the real estate it owns a fine sugar mill, stores, tramways, 100 houses, cattle, horses, mules, etc. It has six hundred acres of mature sugar cane, and hundreds more acres in coffee, rubber, corn, bananas, pineapples, oranges, lemons, cattle, pastures, etc. The Vera Cruz railway runs through the plantation for thirteen miles and maintains two stations on Motzorongo property. It is a live proposition NOW.

There is so much more to tell you and show you, but we will tell you all about it in our illustrated prospectus if you will send your name and address to

THE MOTZORONGO COMPANY,

228 Reaper Block, Chicago, Ill.

(Note.—The editor of SUGGESTION has spent several months on the Motzorongo estate and can personally vouch the truth of the above statements. Write for his opinion.)

The ADMIRAL

Is one of the most promising mining properties in the greatest gold producing state in the country.

The properties comprise twelve lode mining claims, two tunnel sites and four mill sites, including the most valuable water rights in the vicinity.

A VIEW IN THE ADMIRAL TUNNEL

The work of opening up the various claims is being prosecuted through an extensive development tunnel which has now entered the mountain a distance of 1,050 feet, cutting three veins. Drifts on these veins disclose large bodies of ore running from \$5.00 to \$28.00 per ton. Assays taken on the surface south of this point show values from \$22.00 to \$38.00 a ton.

With the natural advantages of water and transportation at the Admiral we can handle \$7.00 ore at a profit.

Our Own Water Power Plant

operates all machinery at the minimum cost. Three big air drills are in use advancing the main tunnel and drifts.

The Admiral Gold Mining Co.

is one of the great institutions of the mining world.

Illustrated Hints for Health and Strength

FOR BUSY PEOPLE OF BOTH SEXES.

By **ADRIAN PETER SCHMIDT**, Professor
of Higher Physical Culture

POPULAR EDITION of this
work Reduced from \$1.50 will be
sent for **ONE DOLLAR** prepaid.

"ILLUSTRATED HINTS" presents intelligently and concisely to busy people an exceptionally practical and simple method of counteracting the detrimental effects resulting from sedentary occupation and should be in the hands of every one interested in this subject.

It is cleverly illustrated with large plates. It is void of meaningless and rehearsed reading matter and does not contain exercises picked up at random, but presents a carefully systemized construction of rational exercises, based on physiological observations made from life. Its practise will greatly benefit every one who will devote ten to fifteen minutes to the care of the body. No apparatus required.

It will positively give you what exponents of other systems promise you. Its great value is recognized by prominent men in the business and social world, also clergymen and others, who have tested the author's method.

The author, desirous of placing his system of higher physical culture within the reach of all, has refrained from having it printed in letter form and selling it as instruction, by mail, for a high price, offers a popular edition of this great work, complete, for **ONE DOLLAR**.

SYNOPSIS OF CONTENTS.

The exercises can be made mild or strong, in harmony with the proportionate increase of strength and energy, and will combine great vigor and suppleness. The method is arranged so as to concentrate the effect chiefly on one part of the body, to any degree of strength desired, while other parts are at rest.

FIRST PART (takes from five to seven minutes.)

It begins with an exercise stimulating energy and strengthening the grip muscles with a newspaper. Then the muscles covering the upper back, neck and shoulders. Then the lower extremities in four different positions in order to reach every one of their muscles and joints. Combination exercise that will strengthen the lungs and increase their capacity, give great flexibility to the chest walls and suppleness to the joints of hips, shoulders and neck.

SECOND PART (five to ten minutes.)

Presents a set of exercises which positively will develop the most important muscles of the body to any degree of strength desired, especially

THE ABDOMINAL MUSCLES.

They are neglected by the majority, even by athletes who show remarkable development otherwise. To build up perfect health and vital power, it is absolutely necessary to develop the abdominal muscles to that degree of strength intended by nature.

These exercises are original with the author and have done wonders for him and every one of his pupils. One will be surprised at their simplicity.

Then follows an exercise that relaxes and massages the abdominal muscles and internal organs and strengthens the small of the back.

Also an exercise that gives an effective massage to the spine and all the muscles covering the entire surface of the upper and lower back.

The book concludes with directions how to fully obtain the tonic effect of a cold bath.

SPECIAL OFFER. The price of this superb work is **\$1.00**. We have purchased 500 yearly subscriptions for **SUGGESTION**, and will send a copy of **ILLUSTRATED HINTS** and a year's subscription to **SUGGESTION** for **\$1.10**. This offer will be withdrawn after 500 copies have been disposed of. Address

The Ensign Remedies

are composed of physiological foods, the most vital elements of the body. Albumen, fats, etc., make bulk, but the life and animation of the body is only possible through the cell salts. Therefore they are the most necessary foods, and the nearer they are maintained in the body at the natural proportions the more susceptible that body is to good impressions and the more capable in transmitting them. In maintaining the mind at a rational standard the cell salts are the only necessities. To see, to think, to remember, and all other voluntary mental acts the salts furnish *all* of the elements. Indeed, without the

body would be an inanimate, shapeless mass, without form and void. Then it is more important to attend to this food supply than to any other. We furnish the salts in such form that they are at once assimilated and enter immediately into the cell life. We use 29 tissue salts.

We cure all diseases by feeding the tissues: The nerves, the brain, the muscles, the bones. We enable Nature to build up and repair.

All remedies are put up in small granules, dry, the vials containing about sixty doses. Forty remedies are sold at 25 cents each. For private diseases the price is \$1.00.

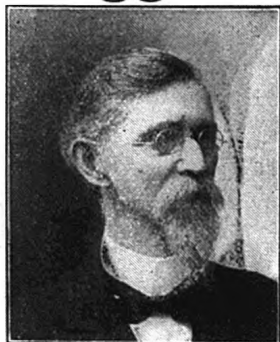

We have four booklets now. One on General Diseases, one on Private Diseases, one on Diseases of Women, and a special booklet (just out) on the Cause and Cure of Varicocele. A request will bring you any or all of these.

"IMPROVED VICTORIA" PROTECTOR

A Marvelous Convenience to Women.
A Long-Felt Want Filled at Last.
A Woman's Invention.

Words of praise come rolling in from Maine to California, and from Canada to Mexico.

Never, in the history of the world, has there been anything invented that gives more universal satisfaction than the

IMPROVED VICTORIA PROTECTOR for Girls and Women.

There has always been a crying demand among ladies for a device or contrivance of some kind during the monthly period whereby health, cleanliness and safety might be assured, and such a device has been perfected in the New Improved Victoria Protector—the only Perfect Monthly Appliance made. Nothing in ladies' wear has had such an enormous demand in so short a time. With proper care it will last a lifetime.

In ordering, it might be well to take measure—on outside of dress drawn tightly. However, they are adjustable. AGENTS WANTED. Order or write NOW.

It's a godsend to women. The greatest invention of all for women. Sample received just as represented. Best thing I ever sold; took twenty-six orders in one day. No trouble to sell it.

Sent postpaid for simply \$1.00, including valuable literature and prescriptions. Sealed in plain wrappers. Also, a 50-cent box of Cleaning and Healing Tablets included free. Order and Address:—

RESTORE EYESIGHT

SPECTACLES A THING OF THE PAST.

"Actina," a Marvelous Discovery That Cures All Afflictions of the Eye and Ear Without Cutting or Drugging.

A marvelous discovery has been made by that Scientist and Inventive Genius, Prof. W. C. Wilson. He has invented a restorer known as "Actina," through which all afflictions of the eye and ear, such as blindness, granulated lids, cataract, sore eyes, deafness, etc., are cured without cutting or drugging. It is a simple contrivance, known as the Actina Pocket Battery, and through it the patients cure themselves in the privacy of their own homes. It not only abolishes the butcheries and torturous methods practiced by oculists and aurists, but at the same time perfects a positive and lasting cure.

General Alexander Hamilton, Tarrytown-on-the-Hudson, N. Y., highly recommends "Actina."

Mr. F. W. Harwood, Springfield, Mass., says that "Actina" cured him of deafness of nine years' standing.

Mr. A. L. Howe, Tully, N. Y., writes: "Actina" has removed cataracts from both of my eyes. I can read well without my glasses; am sixty-five years old.

Robert Baker, Ocean Beach, Cal., writes: I should have been blind had I not used "Actina."

A party of prominent citizens has organized a company known as the New York and London Electric Association, and they have given this method so thorough a test on hundreds of cases pronounced incurable and hopeless that they now positively assure a cure. "Actina" is sent on trial postpaid. If you will call or send your name and address to the New York and London Electric Association, Dept. 206B, 929 Walnut St., Kansas City, Mo., you will receive, absolutely free, a valuable book—Prof. Wilson's "Treatise on the Eye, and on Disease in General," and you can rest assured your eyesight and hearing will be restored, no matter how many doctors have failed.

NATURE

ENK'S

The DRUGLESS
MEDICINES

PREPARATIONS

The Enk Preparations are the result of the latest scientific research. They cure disease as Nature would cure it. No element is introduced into the body that is not found therein during perfect health.

They strengthen the organs by entering into and becoming a part of them.

They are pure tissue elements.

Rapid and certain in their action. Prompt and permanent in their results.

Absolutely specific, having no effect whatever upon any organ or portion of the body except the one for which they are taken.

Perfectly physiological, they will not derange the weakest stomach or affect the weakest nerves.

So prepared that they pass directly to the diseased tissues and are readily taken up into their substance, stimulating metabolism, encouraging the removal of the diseased cells and replacing them by new and healthy ones.

This is Nature's way.

PATENTED.
Worn next the body.

90 PER CENT of all men who wear a support are doing so on the advice of physicians — simply because they failed to realize its importance while in health.

Men who value the power of manhood or a refined appearance, wear the **ADONIS** as a safeguard and comfort, to keep well and sound. Varicocele is the cause of nearly all nervous break-downs among men. With this insidious disease sapping the nerve-force, there is not sufficient reserve for the duties of life. It usually comes from lack of support; sometimes from a bruise or strain.

Every physician who really desires a cure, prescribes a support, and the **ADONIS** is the one, wherever it is known. It is especially designed for the prevention and cure of varicocele and kindred ailments. It is the one natural, scientific supporter. It strengthens virility, the foundation of all success and enjoyment of life. It is a real comfort to body and mind and will help any man do more and better work without tiring.

FREE with the **ADONIS**, full directions for the cure of varicocele while you work. No drugs, no cutting, no expense, except for the **ADONIS**.

Sack of pure silk (special weave), silk elastic bands; clips and band-hook removed to wash, no buckles; weight one ounce. Easily adjusted; fits so perfectly you positively do not feel it. Price, \$1.50. To new customers, with directions, by return mail in plain envelope, \$1.00. Sizes small, medium, large. Give waist. I please you or return your money. Address

Men suffering from weakened nerve force, constant depression, gloomy forebodings, fast becoming unfitted for active business life, fail to attribute their deplorable state to the proper cause. They know they

HAVE VARICOCELE

as they have suffered much discomfort on account of it, particularly while standing. But the evil effects due to Varicocele are so gradual that they neglect it until the entire system is undermined and they are forced to realize that something must be done to prevent them from breaking down completely. To such sufferers I say, don't fall into the hands of Quacks—don't submit to the knife—don't pay enormous sums to so-called specialists—

Have You the Average Success?

If so, you have not your due. You can have complete success.

"HOW TO ATTAIN SUCCESS" is a text-book for the ambitious. It's not filled with nicely-spun theories, but gives you the master-key to your capacity with certainty.

A \$80.00 man writes he studied it hard, and now has an income in the five figures. You can do the same — IT IS MERELY A QUESTION OF LEARNING AND DEVELOPING the forces you possess. Learn the psychological laws of success—success will be yours.

Woman's mentality equals man's—her success will be likewise if she but realizes it. That it has not is due to the worn-out theory of her unfitness.

To the ambitious man or woman, possessing energy, "HOW TO ATTAIN SUCCESS" unfolds a world of possibility, and will transform hope into reality. Sent on receipt of \$1.

Gray or Faded Hair or Beard

Can now be restored to its natural color by taking medicine internally (10 to 20 drops, 3 times a day) that supplies the blood with this particular coloring matter. I discovered this fact some years ago while giving this medicine to a lady 68 years old, whose hair was **White**. She was greatly surprised (but no more so than I was) to see her hair gradually getting darker and it became a **Nice, Glossy Black**, with not a gray hair on her head. I do not understand what causes the change in color, unless, as stated above, the medicine furnishes the blood with some certain coloring matter that nature has failed to supply. I have this formula printed and will send to anyone for only \$2.50 and will refund your money if it fails to restore the color as it was when young. It is harmless. Can get it in any drug store. I have sold this formula to hundreds and have not been asked to refund the money by to exceed half a dozen. The same medicine will prevent hair from ever turning gray. Address

Lost!

Nine-tenths of the impressions the senses receive and transmit to the brain are lost. This is not because the memory is defective, but because it does not receive sufficient training. The mind is an unlimited storehouse which, while its owner is receiving an education and accumulating experience, is being filled with matter that makes the individuality of its possessor. Therefore, if a man would be distinguished above his fellows, excel in his line of work, and rise to heights reached by but few, he must have full control of this greatest of all faculties, thus having every particle of his knowledge available. He should cultivate his memory.

The ability to retain in the mind all the perceptions and experiences that are met with in the conduct of business and intercourse with our fellowmen, and to profit by them, is the real secret of success! Ninety-nine out of every hundred men fail in business because of inability to memorize the various details of their occupations. The great men of the past, the successful men of to-day, owe their success to ability to "carry things in their heads."

PROF. ASA S. BOYD

Found!

For the past fifty years PROF. ASA S. BOYD'S SYSTEM OF MEMORY CULTURE has been successfully taught to the heads and employees of leading business institutions and in all the great universities, schools and business colleges in the United States, including the various departments of the government at Washington.

The many pupils who have studied this system are to be found in every walk of life—among all classes of business and professional men, including Managers, Buyers, Accountants, Book-keepers, Cashiers, Salesmen, Students, Teachers, Lawyers, Physicians, Clergymen, Statesmen, Editors, etc. All who have taken the course have profited by it.

By this system you can develop a memory which will retain the smallest details, and anything and everything you want to remember. You will develop individuality, and never forget names, dates, places or people. Your conversation will be more brilliant with information you always have "at your tongue's end".

THE SYSTEM REDUCES YEARS TO MINUTES.

Boyd's Memory Culture System has been IN USE FOR OVER A HALF CENTURY! IT IS THE ORIGINAL SYSTEM, after which all others are patterned.

But the GENUINE System, remember, cannot be obtained through other sources, as Boyd's is protected by numerous copyrights.

A Business College President's Endorsement.

His system has proven to be all he claims for it; has done much more than I ever imagined could be done. Is natural and simple, and greatly develops concentration, attention and imagination. It is an invaluable aid in all studies and fixes easily and permanently in the mind whatever one may desire to memorize and retain.

M. J. CATON, Pres.,
Caton's School of Business.
Buffalo, N. Y.

Enabled Her to Memorize a Whole Sermon.

One member of the Memory Class has demonstrated to me the efficiency of the system by hearing one of my sermons, and, without taking notes, going home and practically reproducing the same in every point I made. She said she could not possibly have done this prior to the study of Prof. Boyd's system.

CHAS. B. MITCHELL, D. D.,
Pastor First M. E. Church.
Cleveland, Ohio.

Helps Him in Remembering Accounts.

It is a great help to me in memorizing any and all things, especially Quartermaster's accounts, of which I have a long list. The small amount of time and money for its acquisition are well spent. It will be a lasting benefit to me.

D. O'HARE,
Quartermaster's Dept.
Washington, D. C.

A "Phenomenon" After Few Hours' Study.

Prof. A. S. Boyd performed some feats of memory that caused those who looked on and listened to marvel greatly. A young man wrote on the blackboard more than 100 sets of numbers, running from one figure to 4; these he read to the Professor, who stood with his back to the board, and the Professor repeated them without a single mistake. A little 10-year-old boy, who had received a few hours' instruction, gave just as remarkable an exhibition with common nouns.—N. Y. Herald.

A Fine Investment---An Income for Life.

WOULD you like to invest some money in a safe, permanent agricultural and real estate proposition which will pay good dividends from the start and increase the dividends yearly till a moderate investment made now will yield a handsome income for life?

THE MOTZORONGO CO.,

owners of 165,000 acres of finest tropical lands, with \$500,000 worth of permanent improvements on them, offers you such an investment.

Its stock was taken off the market a few months ago, but in order to increase the capacity of its sugar plant fivefold by the installation of some new machinery, which is already on the road to the plantation, another small allotment of treasury stock is offered to the public.

If you are looking for an investment that will bring you
100 PER CENT PER MONTH,

or even 1 per cent per week, you will not find it in Motzorongo. But if you are looking for a solid, safe, permanent investment that will bring you fair dividends each year, for a year or two, and will then increase dividends steadily every year, you should learn all about the Motzorongo Company. Its real estate holdings alone are worth more than its total capitalization, and the value of its lands is increasing daily. Does this not look pretty good to begin? It is a guarantee that your principal is safe to start with. But besides the real estate it owns a fine sugar mill, stores, tramways, 100 houses, cattle, horses, mules, etc. It has six hundred acres of mature sugar cane, and hundreds more acres in coffee, rubber, corn, bananas, pineapples, oranges, lemons, cattle, pastures, etc. The Vera Cruz railway runs through the plantation for thirteen miles and maintains two stations on Motzorongo property. It is a live proposition NOW.

There is so much more to tell you and show you, but we will tell you all about it in our illustrated prospectus if you will send your name and address to

THE MOTZORONGO COMPANY,

228 Reaper Block, Chicago, Ill.

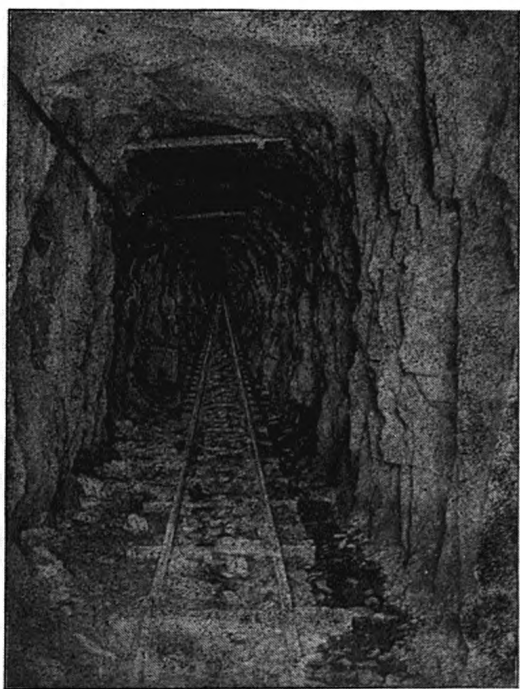

(Note.—The editor of SUGGESTION has spent several months on the Motzorongo estate and can personally vouch the truth of the above statements. Write for his opinion.)

The ADMIRAL

Is one of the most promising mining properties in the greatest gold producing state in the country.

The properties comprise twelve lode mining claims, two tunnel sites and four mill sites, including the most valuable water rights in the vicinity.

A VIEW IN THE ADMIRAL TUNNEL

The work of opening up the various claims is being prosecuted through an extensive development tunnel which has now entered the mountain a distance of 1,050 feet, cutting three veins. Drifts on these veins disclose large bodies of ore running from \$5.00 to \$28.00 per ton. Assays taken on the surface south of this point show values from \$22.00 to \$38.00 a ton.

With the natural advantages of water and transportation at the Admiral we can handle \$7.00 ore at a profit.

Our Own Water Power Plant

operates all machinery at the minimum cost. Three big air drills are in use advancing the main tunnel and drifts.

The Admiral Gold Mining Co.

is one of the great institutions of the mining world.

What "Suggestion" Readers Say About Dr. Parkyn's Mail Course in Suggestive Therapeutics.

THIS mail course consists of 42 lessons, and although originally issued in pamphlet form and sold for \$25.00, the lessons are now illustrated and handsomely bound in one large royal octavo book of 400 pages, the price being within the reach of all.

Dr. Herbert A. Parkyn needs no introduction to the readers of this advertisement. Suffice it to say he is the editor of this magazine, SUGGESTION, and the lessons are written in the practical, readable, common-sense style that always characterizes his contributions to SUGGESTION.

Dr. Parkyn's mail course is the result of his fourteen years' practical experience in treating mental and physical troubles by suggestion and rational hygiene. It is very practical and goes thoroughly into the operations of the law of suggestion as applied in health and to sickness. It tells exactly how to proceed to relieve different classes of mental and physical ailments in one's self and in others, and it gives, also, a clear insight into many remarkable psychic phenomena. It is different in theory and practice from anything published along advanced thought lines and tells the whys and wherefores of things. It is the result of observation and practical experiences, gleaned from the treatment of over 11,000 patients, treated in private and clinic at THE CHICAGO SCHOOL OF PSYCHOLOGY, and was written especially for students who could not come to Chicago to take the personal course at the school.

If you are interested in the field work and thought covered by SUGGESTION you can not afford to be without a copy of this course. It has been indorsed by the conservative medical press and by students, thinkers in every walk of life. We append a few of the hundreds of unsolicited testimonials from all over the world.

CONVINCING EVIDENCE.

THE MEDICAL WORLD.—A hasty glance through these lessons gives us an impression that here is an educated, candid and honest man, in a field that has in the past so largely been occupied by cranks and ignoramuses. Ridiculous claims are not made, and the subject is presented in a plain, straightforward, practical sort of way. The lessons are interesting reading, and will be practical and valuable to the student who wishes to take a course in this line of study.

THE AMERICAN MEDICAL JOURNAL.— * * * The subject is handled in a masterful manner.

* * * Dr. Parkyn certainly stands at the head of the list as a teacher of Suggestive Therapeutics and Hypnotism and he offers through his Mail Course an opportunity for every physician to qualify himself upon these important subjects. We can not too strongly recommend this work to the favorable consideration of every physician.

I. M. GARD, Palmer Lake, Colo.— * * * "I am in receipt of your 'Mail Course' in Suggestion, and I must say that I am more than pleased with it and consider that it far excels anything I have yet read on the subject of healing."

ADOLPH S. LEVI, St. Louis, Mo.— * * * I learned more by your Mail Course in the short time of three weeks than in other mail courses I followed in three years.

RICHARD d'AILLY, Memphis, Tenn.—I am very much pleased with the Mail Course and especially so as it strictly adheres to scientific methods and deductions, entirely leaving out all dreaming, taffy and speculation, mysticism, etc., and by so doing places the subject on a sound scientific basis.

THOMAS MORGAN, Youngstown, Ohio.— * * * I have, as before stated, read numerous works on Hypnotism and for over eight years been trying to investigate Spiritualism, Spiritism, Mysticism, Occultism and kindred phenomena.

I like your course best because you "have succeeded in making it simple." That is it exactly, its grandeur exists in simplicity and ease of comprehension. May success always follow your efforts.

CHAS. E. LE GRAND, Salem, Mass.—"I have read many different publications on the subject of Suggestion and Hypnotism, and I find your course one of sound reasoning and so simple that a child can almost comprehend it. Why is it that most writers on the subject try to make it so hard and mysterious for the student to comprehend? Why do they not do the same as you, and put the thing into plain English language?"

REV. RUDOLPH RUPPERT, Boerne, Tex.—I have thoroughly perused and studied your excellent Mail Course. I found the treatises on the different subjects superb.

C. D. WALKER, Macon, Ga.— * * * "I have completed your Mail Course and find it to be clear and concise in every particular. I have taken several mail courses, but must say yours is far superior to them all. It is undoubtedly the best work on Suggestion I have ever seen. I cheerfully recommend this course to anyone interested in Suggestive Therapeutics."

PERCY DE STANLEY, Ph. D., Coshocton, Pa.— * * * No other book which I have read on the subject approaches it in plain common sense and lucid explanation.

A BOOK FOR THINKERS

The Deluge and Its Cause

By Prof. Isaac N. Vail

(IN PRESS)

Prof. Vail's theories regarding the early life history of our planet have thrown a great flood of light on geology, anthropology and the theory of world formation. In the forthcoming book the student of history, religion and science will find a mine of thought. Prof. Vail has shown that the deluge was not a myth, but a necessary event in the life history of the earth. He has unfolded a story of science more wonderful and fascinating than fiction's page, and he has fortified his theory with an array of facts that makes his position unassailable. To the reader of thought and discernment there is not a dry line in the book. You want a copy of **THE DELUGE AND ITS CAUSE**. You cannot buy this book. The first edition of 5,000 copies will be given to subscribers of **SUGGESTION**.

THIS book marks a great step forward in the world's intellectual march; it shows the origin of many myths and legends, and proves that many wide-spread stories of the folk-lore of early man had for a foundation a basis of fact. All students of intellectual history and every person of education will find this book of more than usual interest. I want every reader of **SUGGESTION** to read "The Deluge and Its Cause." **HERBERT A. PARKYN, M. D., Editor SUGGESTION.**

Directions for Obtaining a Copy.

Secure one new subscriber to **SUGGESTION**; remit \$1.00 with the subscription, and a copy of **THE DELUGE AND ITS CAUSE** will be sent postpaid to any address. There is no other way to obtain a copy. New subscriptions received this year will run to January, 1906. Why not attend to this at once? Address:

Illustrated Hints for Health and Strength

FOR BUSY PEOPLE OF BOTH SEXES.

By ADRIAN PETER SCHMIDT, Professor
of Higher Physical Culture

POPULAR EDITION of this
work Reduced from \$1.50 will be
sent for ONE DOLLAR prepaid.

"ILLUSTRATED HINTS" presents intelligently and concisely to busy people an exceptionally practical and simple method of counteracting the detrimental effects resulting from sedentary occupation and should be in the hands of every one interested in this subject.

It is cleverly illustrated with large plates. It is void of needless and rehearsed reading matter and does not contain exercises picked up at random, but presents a carefully systemized construction of rational exercises, based on physiological observations made from life. Its practice will greatly benefit every one who will devote ten to fifteen minutes to the care of the body. No apparatus required.

It will positively give you what exponents of other systems promise you. Its great value is recognized by prominent men in the business and social world, also clergymen and others, who have tested the author's method.

The author, desirous of placing his system of higher physical culture within the reach of all, has refrained from having it printed in letter form and selling it as instruction, by mail, for a high price, offers a popular edition of this great work, complete, for ONE DOLLAR.

SYNOPSIS OF CONTENTS.

The exercises can be made mild or strong, in harmony with the proportionate increase of strength and energy, and will combine great vigor and suppleness.

The method is arranged so as to concentrate the effect chiefly on one part of the body, to any degree of strength desired, while other parts are at rest.

FIRST PART (takes from five to seven minutes.)

It begins with an exercise stimulating energy and strengthening the grip muscles with a newspaper. Then the muscles covering the upper back, neck and shoulders. Then the lower extremities in four different positions in order to reach every one of their muscles and joints. Combination exercise that will strengthen the lungs and increase their capacity, give great flexibility to the chest walls and suppleness to the joints of hips, shoulders and neck.

SECOND PART (five to ten minutes.)

Presents a set of exercises which positively will develop the most important muscles of the body to any degree of strength desired, especially

THE ABDOMINAL MUSCLES.

They are neglected by the majority, even by athletes who show remarkable development otherwise. To build up perfect health and vital power. It is absolutely necessary to develop the abdominal muscles to that degree of strength intended by nature.

These exercises are original with the author and have done wonders for him and every one of his pupils. One will be surprised at their simplicity.

Then follows an exercise that relaxes and massages the abdominal muscles and internal organs and strengthens the small of the back.

Also an exercise that gives an effective massage to the spine and all the muscles covering the entire surface of the upper and lower back.

The book concludes with directions how to fully obtain the tonic effect of a cold bath.

SPECIAL OFFER. The price of this superb work is \$1.00. We have purchased 500 yearly subscriptions for SUGGESTION, and will send a copy of ILLUSTRATED HINTS and a year's subscription to SUGGESTION for \$1.10. This offer will be withdrawn after 500 copies have been disposed of. Address

The Simplex Spirometer

People often remark that they need a change of air. What they need is less a change of air than a change in their manner of using the air. Few people breathe correctly. Most people in breathing use but a small portion of the lungs. A recent investigator makes the startling statement that in an examination covering several thousands of cases he found less than one per cent. of people who breathe correctly.

Some years ago Lulu Hurst's Wonderful Psychic Powers created a greater excitement all over the continent than a Presidential Campaign would have done. For five years she was the Wonder of the World.

The Ensign Remedies

are composed of physiological foods, the most vital elements of the body. Albumen, fats, etc., make bulk, but the life and animation of the body is only possible through the cell salts. Therefore they are the most necessary foods, and the nearer they are maintained in the body at the natural proportions the more susceptible that body is to good impressions and the more capable in transmitting them. In maintaining the mind at a rational standard the cell salts are the only necessities. To see, to think, to remember, and all other voluntary mental acts the salts furnish all of the elements. Indeed, without the

body would be an inanimate, shapeless mass, without form and void. Then it is more important to attend to this food supply than to any other. We furnish the salts in such form that they are at once assimilated and enter immediately into the cell life. We use 29 tissue salts.

We cure all diseases by feeding the tissues: The nerves, the brain, the muscles, the bones. We enable Nature to build up and repair.

All remedies are put up in small granules, dry, the vials containing about sixty doses. Forty remedies are sold at 25 cents each. For private diseases the price is \$1.00.

We have four booklets now. One on General Diseases, one on Private Diseases, one on Diseases of Women, and a special booklet (just out) on the Cause and Cure of Varicocele. A request will bring you any or all of these.

DEAFNESS AND CATARRH

Curable by no Means until Actina

Wonders of the Ear.

A Department of
Human Anatomy
that Defies
the Surgeon.

E.D.—The Drum Head
H.—Hammer
A.—Anvil
S.—Stirrup
S.C.—Semicircular
Canals
C.—Cochlea

The human ear is an organ the interior of which the physicians have never been able to get at, hence their inability to remove the causes of Deafness.

CAUSE OF DEAFNESS

Ninety-Five Per Cent of all cases of Deafness brought to our attention is the result of chronic catarrh of the throat and middle ear. The air passages become clogged by catarrhal deposits, stopping the action of the vibratory bones (hammer, anvil and stirrup). Until these deposits are removed a cure is impossible. The inner ear cannot be reached by probing or spraying, hence the inability of Aurists or Physicians to cure. **Ear Drums** are worse than useless.

It is folly, therefore, for deaf persons to hope for a cure by the old methods of the Aurists and Physicians, and instead of wasting precious time and money on methods that never have cured **Deafness or Catarrh**, they should awake to the time and apply the scientific cure. That there is a scientific cure for Deafness and Catarrh is demonstrated every day by the use of **ACTINA**. The vapor current generated in the **ACTINA** passes through the Eustachian tubes into the middle ear, removing the Catarrhal obstructions as it passes through the tubes and loosens up the bones (hammer, anvil and stirrup) in the inner ear, making them respond to the slightest vibration of sound.

RINGING NOISES IN THE HEAD

ACTINA has never failed to cure this distressing symptom. The vapor current passes quickly and freely through the Eustachian tubes, removing the catarrhal substances that obstruct the easy exit of the wave sound. We have known people troubled with this symptom for years to be completely cured in only three weeks' use of the **ACTINA**.

As deafness and ringing noises are caused from Catarrh, the hearing cannot be restored and noises stopped till the Catarrh is cured, and as Catarrh cannot exist under the use of **ACTINA**, no person need be deaf or have ringing noises in the head if they use **ACTINA** properly.

ACTINA also cures La Grippe, Asthma, Bronchitis, Sore Throat, Weak Lungs, Colds and Headache; all of which are directly or indirectly due to Catarrh.

ACTINA IS SENT ON TRIAL POSTPAID

Men suffering from weakened nerve force, constant depression, gloomy forebodings, fast becoming unfitted for active business life, fail to attribute their deplorable state to the proper cause. They know they

HAVE VARICOCELE

as they have suffered much discomfort on account of it, particularly while standing. But the evil effects due to Varicocele are so gradual that they neglect it until the entire system is undermined and they are forced to realize that something must be done to prevent them from breaking down completely. To such sufferers I say, don't fall into the hands of Quacks—don't submit to the knife—don't pay enormous sums to so-called specialists—

THE LAW OF MENTAL MEDICINE

THE LAW OF MENTAL MEDICINE, by Thomson J. Hudson, LL. D., author of "The Law of Pyschic Phenomena," is an epoch-making book. It shows how the Law of Suggestion underlies *all* forms of healing—faith cure, relic cures, miracles, mental science cures, Christian Science cures, absent treatment, magnetic cures, psychic cures, Divine healing, etc., etc. The Law of Suggestion is the great basic law of human experience, thought and action. Its most important field relates to health, hygiene and healing. All miraculous cures from relic cures to patent medicine cures depend solely upon the Law of Suggestion.

It has been applied ignorantly and blindly, and yet marvelous results have been achieved; what will be the result when intelligently understood and intelligently applied? Dr. Hudson shows the way. There is no mystery about wonderful drugless cures; the art of healing is now on a scientific basis, and every one can be informed regarding one of the most important laws of human existence.

Readers of THE LAW OF MENTAL MEDICINE will be in a position to combat all delusions regarding healing; they will understand why drugs cure; why shrines cure; why liver pills cure; why vile patent medicines sometimes cure—but they will learn that all these things are but a

means of conveying a suggestion—the subconscious mind does the rest.

We want 1,000 new subscribers and have secured an option on 1,000 copies of THE LAW OF MENTAL MEDICINE; we propose to give these books away to the first 1,000 persons who comply with the following conditions:

New subscribers who remit \$1.50 will receive SUGGESTION one year, and a copy of THE LAW OF MENTAL MEDICINE postpaid; foreign, \$1.75.

Old subscribers who remit \$1.75 will receive SUGGESTION one year and a copy of THE LAW OF MENTAL MEDICINE; foreign, \$2.50.

Those who remit \$2.00 for a renewal and a new subscription or two new subscriptions will receive THE LAW OF MENTAL MEDICINE, postpaid; foreign, \$2.50.

Every student of the New Psychology, every one interested in psychic research, every one believing in drugless healing needs this book; it is a book for the advanced thinker; for every one who would have health, or who would assist others in the way of health.

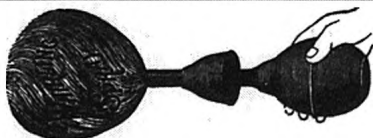

Any 50-cent publication devoted to advanced thought or health may be included in the above offer by adding 25 cents; any dollar publication by adding 50 cents.

The price of THE LAW OF MENTAL MEDICINE is \$1.80 postpaid; cloth, 281 pages.

Gray or Faded Hair or Beard

Can now be restored to its natural color by taking medicine internally (10 to 20 drops, 3 times a day) that supplies the blood with this particular coloring matter. I discovered this fact some years ago while giving this medicine to a lady 63 years old, whose hair was **White**. She was greatly surprised (but no more so than I was) to see her hair gradually getting darker and it became a **Nice, Glossy Black**, with not a gray hair on her head. I do not understand what causes the change in color, unless, as stated above, the medicine furnishes the blood with some certain coloring matter that nature has failed to supply. I have this formula printed and will send to anyone for only \$2.50 and will refund your money if it fails to restore the color as it was when young. It is harmless. Can get it in any drug store. I have sold this formula to hundreds and have not been asked to refund the money by to exceed half a dozen. The same medicine will prevent hair from ever turning gray. Address

Have You the Average Success?

If so, you have not your due. You can have complete success.

"HOW TO ATTAIN SUCCESS" is a text-book for the ambitious. It's not filled with nicely-span theories, but gives you the master-key to your capacity with certainty.

A \$90.00 man writes he studied it hard, and now has an income in the five figures. You can do the same—IT IS MERELY A QUESTION OF LEARNING AND DEVELOPING the forces you possess. Learn the psychological laws of success—success will be yours.

Woman's mentality equals man's—her success will be likewise if she but realizes it. That it has not is due to the worn-out theory of her unfitness.

To the ambitious man or woman, possessing energy, "HOW TO ATTAIN SUCCESS" unfolds a world of possibility, and will transform hope into reality. Sent on receipt of \$1.

Lost!

Nine-tenths of the impressions the senses receive and transmit to the brain are lost. This is not because the memory is defective, but because it does not receive sufficient training.

The mind is an unlimited storehouse which, while its owner is receiving an education and accumulating experience, is being filled with matter that makes the individuality of its possessor. Therefore, if a man would be distinguished above his fellows, excel in his line of work, and rise to heights reached by but few, he must have full control of this greatest of all faculties, thus having every particle of his knowledge available. He should cultivate his memory.

The ability to retain in the mind all the perceptions and experiences that are met with in the conduct of business and intercourse with our fellowmen, and to profit by them, is the real secret of success! Ninety-nine out of every hundred men fail in business because of inability to memorize the various details of their occupations. The great men of the past, the successful men of to-day, owe their success to ability to "carry things in their heads."

PROF. ASA S. BOYD

tion you always have "at your tongue's end". THE SYSTEM REDUCES YEARS TO MINUTES.

Boyd's Memory Culture System has been IN USE FOR OVER A HALF CENTURY! IT IS THE ORIGINAL SYSTEM, after which all others are patterned.

But the GENUINE System, remember, cannot be obtained through other sources, as Boyd's is protected by numerous copyrights.

A Business College President's Endorsement.

His system has proven to be all he claims for it; has done much more than I ever imagined could be done. Is natural and simple, and greatly develops concentration, attention and imagination. It is an invaluable aid in all studies and fixes easily and permanently in the mind whatever one may desire to memorize and retain.

M. J. CATON, Pres.,
Caton's School of Business.
Buffalo, N. Y.

Enabled Her to Memorize a Whole Sermon.

One member of the Memory Class has demonstrated to me the efficiency of the system by hearing one of my sermons, and, without taking notes, going home and practically reproducing the same in every point I made. She said she could not possibly have done this prior to the study of Prof. Boyd's system.

CHAS. B. MITCHELL, D. D.,
Cleveland, Ohio. Pastor First M. E. Church.

Found!

For the past fifty years PROF. ASA S. BOYD'S SYSTEM OF MEMORY CULTURE has been successfully taught to the heads and employees of leading business institutions and in all the great universities, schools and business colleges in the United States, including the various departments of the government at Washington.

The many pupils who have studied this system are to be found in every walk of life—among all classes of business and professional men, including Managers, Buyers, Accountants, Book-keepers, Cashiers, Salesmen, Students, Teachers, Lawyers, Physicians, Clergymen, Statesmen, Editors, etc. All who have taken the course have profited by it.

By this system you can develop a memory which will retain the smallest details, and anything and everything you want to remember. You will develop individuality, and never forget names, dates, places or people. Your conversation will be more brilliant with information

Helps Him in Remembering Accounts.

It is a great help to me in memorizing any and all things, especially Quartermaster's accounts, of which I have a long list. The small amount of time and money for its acquisition are well spent. It will be a lasting benefit to me.

D. O'HARE,
Washington, D. C. Quartermaster's Dep't.

A "Phenomenon" After Few Hours' Study.

Prof. A. S. Boyd performed some feats of memory that caused those who looked on and listened to marvel greatly. A young man wrote on the blackboard more than 100 sets of numbers, running from one figure to 4; these he read to the Professor, who stood with his back to the board, and the Professor repeated them without a single mistake. A little 10-year-old boy, who had received a few hours' instruction, gave just as remarkable an exhibition with common nouns.—N. Y. Herald.

A Fine Investment---An Income for Life.

WOULD you like to invest some money in a safe, permanent agricultural and real estate proposition which will pay good dividends from the start and increase the dividends yearly till a moderate investment made now will yield a handsome income for life?

THE MOTZORONGO CO.,
owners of 165,000 acres of finest tropical lands, with \$500,000 worth of permanent improvements on them, offers you such an investment.

Its stock was taken off the market a few months ago, but in order to increase the capacity of its sugar plant fivefold by the installation of some new machinery, which is already on the road to the plantation, another small allotment of treasury stock is offered to the public.

If you are looking for an investment that will bring you
100 PER CENT PER MONTH,
or even 1 per cent per week, you will not find it in Motzorongo. But if you are looking for a solid, safe, permanent investment that will bring you fair dividends each year, for a year or two, and will then increase dividends steadily every year, you should learn all about the Motzorongo Company. Its real estate holdings alone are worth more than its total capitalization, and the value of its lands is increasing daily. Does this not look pretty good to begin? It is a guarantee that your principal is safe to start with. But besides the real estate it owns a fine sugar mill, stores, tramways, 100 houses, cattle, horses, mules, etc. It has six hundred acres of mature sugar cane, and hundreds more acres in coffee, rubber, corn, bananas, pineapples, oranges, lemons, cattle, pastures, etc. The Vera Cruz railway runs through the plantation for thirteen miles and maintains two stations on Motzorongo property. It is a live proposition NOW.

There is so much more to tell you and show you, but we will tell you all about it in our illustrated prospectus if you will send your name and address to

THE MOTZORONGO COMPANY,
228 Reaper Block, Chicago, Ill.

(Note.—The editor of SUGGESTION has spent several months on the Motzorongo estate and can personally vouch the truth of the above statements. Write for his opinion.)

A Soliloquy Business— A Professional Life

¶ Being a business man, I am practising a profession. It is possible that I have not examined the literature which forms the basis of my profession.

¶ Inasmuch as I desire to prepare *myself* for greater opportunities and to increase *my income*, it is my duty to investigate every reasonable proposition that comes to my attention.

¶ The Sheldon School has proven beyond the possibility of contradiction that *all men*, as well as *every Institution*, are salesmen; that *salesmanship* is a *science* and that the fundamental principles, together with the natural laws that govern in the realm of business, have been logically arranged, systematized and thoroughly tested and made a *practical thing* for everyday application in *all lines* of business.

¶ *It has received the endorsement* of many of the greatest business Institutions and organizations in the world, and, therefore, must have something of value, and it is my determination to make request *at once* for literature and investigate carefully what it is that is creating such a stir in the business world.

¶ I owe it to myself to attend to this matter at once and I will immediately write for the forty-eight page illustrated Prospectus, enclosing *three 2 cent stamps*.

¶ I can afford to risk *six cents* to find out what may be worth *thousands of dollars* to me. I will do it now.

What "Suggestion" Readers Say About Dr. Parkyn's Mail Course in Suggestive Therapeutics.

THIS mail course consists of 42 lessons, and although originally issued in pamphlet form and sold for \$25.00, the lessons are now illustrated and handsomely bound in one large royal octavo book of 400 pages, the price being within the reach of all.

Dr. Herbert A. Parkyn needs no introduction to the readers of this advertisement. Suffice it to say he is the editor of this magazine, *SUGGESTION*, and the lessons are written in the practical, readable, common-sense style that always characterizes his contributions to *SUGGESTION*.

Dr. Parkyn's mail course is the result of his fourteen years' practical experience in treating mental and physical troubles by suggestion and rational hygiene. It is very practical and goes thoroughly into the operations of the law of suggestion as applied in health and to sickness. It tells exactly how to proceed to relieve different classes of mental and physical ailments in one's self and in others, and it gives, also, a clear insight into many remarkable psychic phenomena. It is different in theory and practice from anything published along advanced thought lines and tells the whys and wherefores of things. It is the result of observation and practical experiences, gleaned from the treatment of over 11,000 patients, treated in private and clinic at THE CHICAGO SCHOOL OF PSYCHOLOGY, and was written especially for students who could not come to Chicago to take the personal course at the school.

If you are interested in the field work and thought covered by *SUGGESTION* you can not afford to be without a copy of this course. It has been indorsed by the conservative medical press and by students, thinkers in every walk of life. We append a few of the hundreds of unsolicited testimonials from all over the world.

CONVINCING EVIDENCE.

THE MEDICAL WORLD.—A hasty glance through these lessons gives us an impression that here is an educated, candid and honest man, in a field that has in the past so largely been occupied by cranks and ignoramuses. Ridiculous claims are not made, and the subject is presented in a plain, straightforward, practical sort of way. The lessons are interesting reading, and will be practical and valuable to the student who wishes to take a course in this line of study.

THE AMERICAN MEDICAL JOURNAL.— * * * The subject is handled in a masterful manner.

* * * Dr. Parkyn certainly stands at the head of the list as a teacher of Suggestive Therapeutics and Hypnotism and he offers through his Mail Course an opportunity for every physician to qualify himself upon these important subjects. We can not too strongly recommend this work to the favorable consideration of every physician.

I. M. GARD, Palmer Lake, Colo.— * * * "I am in receipt of your 'Mail Course' in Suggestion, and I must say that I am more than pleased with it and consider that it far excels anything I have yet read on the subject of healing."

ADOLPH S. LEVI, St. Louis, Mo.— * * * I learned more by your Mail Course in the short time of three weeks than in other mail courses I followed in three years.

RICHARD d'AILLY, Memphis, Tenn.—I am very much pleased with the Mail Course and especially so as it strictly adheres to scientific methods and deductions, entirely leaving out all dreaming, taffy and speculation, mysticism, etc., and by so doing places the subject on a sound scientific basis.

THOMAS MORGAN, Youngstown, Ohio.— * * * I have, as before stated, read numerous works on Hypnotism and for over eight years been trying to investigate Spiritualism, Spiritism, Mysticism, Occultism and kindred phenomena.

I like your course best because you "have succeeded in making it simple." That is it exactly, its grandeur exists in simplicity and ease of comprehension. May success always follow your efforts.

CHAS. E. LE GRAND, Salem, Mass.—"I have read many different publications on the subject of Suggestion and Hypnotism, and I find your course one of sound reasoning and so simple that a child can almost comprehend it. Why is it that most writers on the subject try to make it so hard and mysterious for the student to comprehend? Why do they not do the same as you, and put the thing into plain English language?"

REV. RUDOLPH RUPPERT, Boerne, Tex.—I have thoroughly perused and studied your excellent Mail Course. I found the treatises on the different subjects superb.

C. D. WALKER, Macon, Ga.— * * * "I have completed your Mail Course and find it to be clear and concise in every particular. I have taken several mail courses, but must say yours is far superior to them all. It is undoubtedly the best work on Suggestion I have ever seen. I cheerfully recommend this course to anyone interested in Suggestive Therapeutics."

PERCY DE STANLEY, Ph. D., Coshocton, Pa.— * * * No other book which I have read on the subject approaches it in plain common sense and lucid explanation.

A BOOK FOR THINKERS

The Deluge and Its Cause

By Prof. Isaac N. Vail

(IN PRESS)

Prof. Vail's theories regarding the early life history of our planet have thrown a great flood of light on geology, anthropology and the theory of world formation. In the forthcoming book the student of history, religion and science will find a mine of thought. Prof. Vail has shown that the deluge was not a myth, but a necessary event in the life history of the earth. He has unfolded a story of science more wonderful and fascinating than fiction's page, and he has fortified his theory with an array of facts that makes his position unassailable. To the reader of thought and discernment there is not a dry line in the book. You want a copy of *THE DELUGE AND ITS CAUSE*. You cannot buy this book. The first edition of 5,000 copies will be given to subscribers of *SUGGESTION*.

THIS book marks a great step forward in the world's intellectual march; it shows the origin of many myths and legends, and proves that many wide-spread stories of the folk-lore of early man had for a foundation a basis of fact. All students of intellectual history and every person of education will find this book of more than usual interest. I want every reader of *SUGGESTION* to read "The Deluge and Its Cause." **HERBERT A. PARKYN, M. D., Editor** *SUGGESTION*.

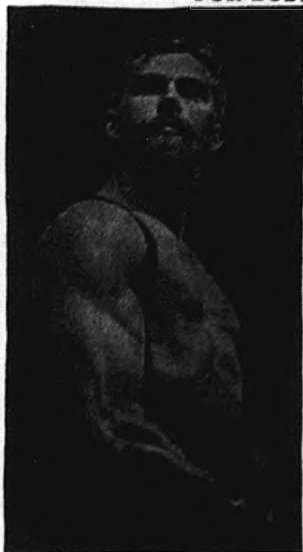

Directions for Obtaining a Copy.

Secure one new subscriber to *SUGGESTION*; remit \$1.00 with the subscription, and a copy of *THE DELUGE AND ITS CAUSE* will be sent postpaid to any address. There is no other way to obtain a copy. Illustrated Hints for Health and Strength

FOR BUSY PEOPLE OF BOTH SEXES.

By ADRIAN PETER SCHMIDT, Professor
of Higher Physical Culture

POPULAR EDITION of this
work Reduced from \$1.50 will be
sent for ONE DOLLAR prepaid.

"ILLUSTRATED HINTS" presents intelligently and concisely to busy people an exceptionally practical and simple method of counteracting the detrimental effects resulting from sedentary occupation and should be in the hands of every one interested in this subject.

It is cleverly illustrated with large plates. It is void of meaningless and rehearsed reading matter and does not contain exercises picked up at random, but presents a carefully systemized construction of rational exercises, based on physiological observations made from life. Its practice will greatly benefit every one who will devote ten to fifteen minutes to the care of the body. No apparatus required.

It will positively give you what exponents of other systems promise you. Its great value is recognized by prominent men in the business and social world, also clergymen and others, who have tested the author's method.

The author, desirous of placing his system of higher physical culture within the reach of all, has refrained from having it printed in letter form and selling it as instruction, by mail, for a high price, offers a popular edition of this great work, complete, for ONE DOLLAR.

SYNOPSIS OF CONTENTS.

The exercises can be made mild or strong, in harmony with the proportionate increase of strength and energy, and will combine great vigor and suppleness.

The method is arranged so as to concentrate the effect chiefly on one part of the body, to any degree of strength desired, while other parts are at rest.

FIRST PART (takes from five to seven minutes.)

It begins with an exercise stimulating energy and strengthening the grip muscles with a newspaper. Then the muscles covering the upper back, neck and shoulders. Then the lower extremities in four different positions in order to reach every one of their muscles and joints. Combination exercise that will strengthen the lungs and increase their capacity, give great flexibility to the chest walls and suppleness to the joints of hips, shoulders and neck.

SECOND PART (five to ten minutes.)

Presents a set of exercises which positively will develop the most important muscles of the body to any degree of strength desired, especially

THE ABDOMINAL MUSCLES.

They are neglected by the majority, even by athletes who show remarkable development otherwise. To build up perfect health and vital power, it is absolutely necessary to develop the abdominal muscles to that degree of strength intended by nature.

These exercises are original with the author and have done wonders for him and every one of his pupils. One will be surprised at their simplicity.

Then follows an exercise that relaxes and massages the abdominal muscles and internal organs and strengthens the small of the back.

Also an exercise that gives an effective massage to the spine and all the muscles covering the entire surface of the upper and lower back.

The book concludes with directions how to fully obtain the tonic effect of a cold bath.

SPECIAL OFFER. The price of this superb work is \$1.00. We have purchased 500 yearly subscriptions for SUGGESTION, and will send a copy of ILLUSTRATED HINTS and a year's subscription to SUGGESTION for \$1.10. This offer will be withdrawn after 500 copies have been disposed of. Address

Deafness Cured

By No Means Until "ACTINA" Was Discovered

95% of all cases of deafness brought to our attention is the result of chronic catarrh of the throat and middle ear. The air passages become clogged by catarrhal deposits, stopping the action of the vibratory bones. Until these deposits are removed a cure is impossible. The inner ear cannot be reached by probing or spraying, hence the inability of aurists or physicians to cure. Ear drums are worse than useless. That there is a scientific cure for deafness and catarrh is demonstrated every day by the use of Actina. The vapor current generated in the Actina passes through the Eustachian tubes into the middle ear, removing the catarrhal obstructions as it passes through the tubes, and loosens up the bones (hammer, anvil and stirrup) in the inner ear, making them respond to the slightest vibration of sound. Actina has never failed to cure ringing noises in the head. We have known people troubled with this distressing symptom for years to be completely cured in only three weeks use of Actina.

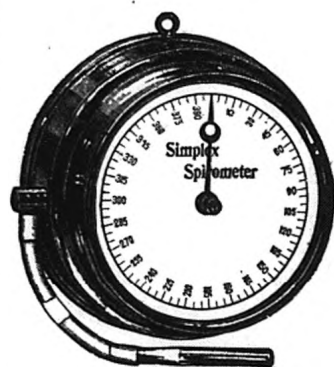

"ACTINA" Also Cures ASTHMA, BRONCHITIS, SORE THROAT, WEAK LUNGS, COLDS AND HEADACHE :: ::

The Ensign Remedies

are composed of physiological foods, the most vital elements of the body. Albumen, fats, etc., make bulk, but the life and animation of the body is only possible through the cell salts. Therefore they are the most necessary foods, and the nearer they are maintained in the body at the natural proportions the more susceptible that body is to good impressions and the more capable in transmitting them. In maintaining the mind at a rational standard the cell salts are the only necessities. To see, to think, to remember, and all other voluntary mental acts the salts furnish all of the elements. Indeed, without the

body would be an inanimate, shapeless mass, without form and void. Then it is more important to attend to this food supply than to any other. We furnish the salts in such form that they are at once assimilated and enter immediately into the cell life. We use 29 tissue salts.

We cure all diseases by feeding the tissues: The nerves, the brain, the muscles, the bones. We enable Nature to build up and repair.

All remedies are put up in small granules, dry, the vials containing about sixty doses. Forty remedies are sold at 25 cents each. For private diseases the price is \$1.00.

We have four booklets now. One on General Diseases, one on Private Diseases, one on Diseases of Women, and a special booklet (just out) on the Cause and Cure of Varicocele. A request will bring you any or all of these.

Have You Success?

"Every man contains within himself that which leads to success or failure, according as he makes use of it."

"HOW TO ATTAIN SUCCESS" is a text-book for those who will have success—it's not filled with nicely spun theories, but gives the master-key to your capacity and powers.

A \$60 man writes he studied its principles hard and now has income in the five figures. YOU CAN DO THE SAME—IT'S ONLY LEARNING AND DEVELOPING YOUR OWN POWERS AND FORCES—do this, success will be yours.

Woman's mentality equals man's, but she fails to assert her equality—her capacity is on a par with man's if she will but realize it.

To the ambitious man or woman possessed of energy "HOW TO ATTAIN SUCCESS" will unfold a world of possibility—will transform hope of success into realization. Sent on receipt of \$1.

LADY FLORENCE DIXIE

Albert P. Lewis, Ed. 4 Randlett Pl.
Roxbury, Mass.

Gray or Faded Hair or Beard

Can now be restored to its natural color by taking medicine internally (10 to 20 drops, 3 times a day) that supplies the blood with this particular coloring matter. I discovered this fact some years ago while giving this medicine to a lady 68 years old, whose hair was **White**. She was greatly surprised (but no more so than I was) to see her hair gradually getting darker and it became a **Nice, Glossy Black**, with not a gray hair on her head. I do not understand what causes the change in color, unless, as stated above, the medicine furnishes the blood with some certain coloring matter that nature has failed to supply. I have this formula printed and will send to anyone for only \$2.50 and will refund your money if it fails to restore the color as it was when young. It is harmless. Can get it in any drug store. I have sold this formula to hundreds and have not been asked to refund the money by to exceed half a dozen. The same medicine will prevent hair from ever turning gray. Address

ESSENOLOGY

Force produces motion in matter; matter is concentration of force; matter moves in space. The extension of matter in motion is time. Matter, motion, time and space are relative. The transition of motion into consciousness creates feeling; feeling promotes thought. This is termed mind. THE COLTON REST CURE

This is a modern, hygienic institution for the rational cure of disease. The treatments given are especially valuable for nervous conditions, insomnia and for diseases peculiar to women. The overworked and anemic are restored to health and vigor.

THE MILK TREATMENT

This institution uses the milk treatment, which has produced such marvelous results. MRS. ELLA WHEELER WILCOX strongly endorses the milk treatment, and in the *Chicago American* of October 1st she makes these statements:

"Osteopathy and the milk diet are the two great bridges between the old medical school, fast becoming obsolete, and the new spiritual school, fast becoming understood.

"A milk diet provides the pure current of blood to circulate through condensed channels.

"An organic heart trouble is, to my belief, the only disease a persistent milk diet will not cure, consumption and incipient cancer not excepted.

"To all absolute invalids I would suggest several weeks at the best milk cure to be found, in order to tide over the unpleasant phases of the treatment.

"After a few weeks, the diet can be pursued at home and while continuing the daily vocations."

We guarantee the most satisfactory results in every case accepted; no drugs, batteries, medicines or unpleasant methods used. If you are sick, tired, discouraged, nervous, worn out, despondent and have lost hope, write or call. Nature has a cure for every ill; let us help Nature to give you strength and vigor. Thousands have been restored to health by these treatments; let us help you. Write today.

HEALTH AND LONGEVITY

The secret of health is the secret of a life that has no end. This secret is given in Harry Gaze's remarkable book entitled **How to Live Forever**.

He shows you not only how to become well, but also how to retain health.

If you can live in the knowledge that you need not die, you will cease to expect death, and consequently prepare to live.

This work is in harmony with all discovered principles of psychology, physiology and the new Hygiene, while the laws of "suggestion" and "right thinking" are fully and practically set forth.

Through the teaching of **How to Live Forever**, health and strength are daily renewed, and, through the transmutation of creative energy by laws here given, this renewal may be perpetuated indefinitely.

"Mr. Gaze's book will be read."—CHICAGO TRIBUNE.
"Mr. Gaze's work contains very much that is thoughtful, practical and reasonable."—THE ARKANA.

"It will certainly insure greater health and happiness in the here and now. It will prove of greatest benefit to people who will make a practical use of it."—MIND.

How Money Grows in Mexico.

EIGHT dollars and twenty-six cents is the net annual profit the United States farmer gets from an acre of cultivated land.

The following products yield a net profit of from \$100 to \$600 per acre in the fertile soil of Mexico:

COFFEE.

SUGAR.

PINEAPPLES.

RUBBER.

VANILLA.

BANANAS.

COCOA.

CAPSICUM.

TOBACCO.

Sixty dollars per acre is the average cost of productive farm land in the United States which has average earnings of \$8.26 per annum.

Seven dollars per acre is all we invoice our Mexican land at in the assets of our company. It is selling for even more than this, away from railroad facilities, while we have a railroad running through our plantation, and we have 165,000 acres of land on which all these products grow. Besides, we have timber and cattle and 365 growing and grazing days in the year.

WHAT'S THIS ALL ABOUT?

It's about the MOTZORONGO PLANTATION, bought by Americans from the heirs of one of Mexico's famous war generals, who in his life spent over \$1,000,000 on the property.

The Motzorongo Company has 700 acres in sugar cane alone, besides hundreds of acres in other products. It has a \$350,000 sugar mill, the most up-to-date and best-equipped sugar mill in Mexico. This mill can turn out 135,000 pounds of white sugar per day, from which the net profit would be over \$5,000 in American money, as the by-products pay all expenses, leaving the profit from sugar net.

AN OPPORTUNITY FOR YOU.

Our sugar plant alone will pay large dividends every year, and in three years we shall have 2,000 acres in sugar cane, yielding a profit of \$200 per acre. Our sugar department is perfection now.

ADVERTISEMENTS.

But there are enormous profits to be made from fattening thin cattle on our evergreen pastures—a profit of \$10 American money per head every six months. There are millions of lean cattle to be bought in Mexico for fattening, and we have sufficient land to fatten 80,000 head per year.

We want to buy 10,000 head right away, as the “dry” season is on now in the greater part of Mexico, and we want your money to help buy these cattle. For your assistance in purchasing cattle you will be allowed to share in all the profits from the sugar mill and other products, and the safety of your investment is guaranteed by our 165,000 acres of land, of which you will own a part, and this land is worth more today than the entire capital stock of the company.

STOCK NOW \$15 PER SHARE.

A year ago you could have bought this stock for \$10 per share, before the new sugar mill was erected; then it sold for \$12.50 per share, and the price was raised to \$15.00 on November 15th. The stockholders received a 10 per cent dividend this year, and the assets have increased till \$15 is a small price for this stock with the big dividend in sight for next July. The stock will go to \$25 shortly, so come in now while you can get it for \$15 on

SMALL MONTHLY PAYMENTS.

Let us tell you more about this great investment. The editor of SUGGESTION has spent over six months at Motzorongo and can tell you something about it, and he will personally vouch for the correctness of every statement made in this advertisement. Write to us and let us send you our illustrated literature. A card will bring it.

A BOOK FOR THINKERS

The Deluge and Its Cause

By Prof. Isaac N. Vail

(IN PRESS)

Prof. Vail's theories regarding the early life history of our planet have thrown a great flood of light on geology, anthropology and the theory of world formation. In the forthcoming book the student of history, religion and science will find a mine of thought. Prof. Vail has shown that the deluge was not a myth, but a necessary event in the life history of the earth. He has unfolded a story of science more wonderful and fascinating than fiction's page, and he has fortified his theory with an array of facts that makes his position unassailable. To the reader of thought and discernment there is not a dry line in the book. You want a copy of *THE DELUGE AND ITS CAUSE*. You cannot buy this book. The first edition of 5,000 copies will be given to subscribers of *SUGGESTION*.

THIS book marks a great step forward in the world's intellectual march; it shows the origin of many myths and legends, and proves that many wide-spread stories of the folk-lore of early man had for a foundation a basis of fact. All students of intellectual history and every person of education will find this book of more than usual interest. I want every reader of *SUGGESTION* to read "The Deluge and Its Cause." HERBERT A. PARKYN, M. D., *Editor SUGGESTION*.

Directions for Obtaining a Copy.

Secure one new subscriber to *SUGGESTION*; remit \$1.00 with the subscription, and a copy of *THE DELUGE AND ITS CAUSE* will be sent postpaid to any address. There is no other way to obtain a copy. New subscriptions received this year will run to January, 1906. Why not attend to this at once? Address:

Gems of Thought

THE following sentiments and quotations have been selected by the readers of SUGGESTION. If you have a favorite verse, quotation or motto, submit it for publication; the editor will be pleased to receive any selection expressing the thoughts and aspirations of the New Psychology. Always send the name of the author when possible.

Respect your profession, respect your business. Have your heart in your life's work, and be stout-hearted. Do something, act always and do it now. Don't be afraid. Many a man has been defeated by his doubts—lack of confidence. Take your risks—you can not eliminate them, you can not escape them. You can diminish them by dominating them.—*Batten's Wedge.*

Living for self is the curse of the world;
 Living for humanity is the soul unfurled;
 Living for self has no grace in its fount;
 Living for humanity puts truth on the mount.

 That's a-makin' the sun shine everywhere.

Build on resolve and not upon regret,
 The structure of thy future. Do not grope
 Among the shadows of old sins, but let
 Thine own soul's light shine on the path of hope
 And dissipate the darkness. Waste no tears
 Upon the blotted record of lost years,
 But turn the leaf and smile, oh, smile to see
 The fair white pages that remain to thee.

Life is a leaf of paper white,

COMMUNICATIONS, clippings, suggestions and articles bearing upon any subject within the scope of this publication solicited.

WHEN WRITING to advertisers you will confer a favor upon all concerned by mentioning SUGGESTION; advertisers wish to know the amount of business secured through the different mediums used.

SUGGESTION is a popular home review, devoted to the scientific discussion of psycho-therapy, the new psychology, suggestive therapeutics, hypnotism, natural healing, rational hygiene, advanced thought and psychic research.

IT IS THE aim of the editor to find a basis of fact on which to ground all theories regarding metaphysical and psychical processes, and to account for all occult phenomena on purely scientific lines.

SUGGESTION teaches that health is within the reach of all; that there is but one disease with a thousand symptoms; that right thinking and right living will always produce harmony in the bodily functions, the result being health; and that drugs are not necessary, and that nature cures.

EVERY subscriber to this magazine is formally notified when his subscription expires, and a renewal remittance should be made promptly. In the event that a renewal is not made at once, however, we assume that it is the subscriber's desire to have SUGGESTION continued, and our record is arranged accordingly, unless we receive definite instructions to discontinue.

This is done in order to give those who may have overlooked their renewal and those who may not find it convenient to remit at once a chance to keep their files complete. We do not wish to appear unduly lenient or to give the impression that SUGGESTION is in any way a free magazine. It takes money to run SUGGESTION, and we shall be thankful to receive prompt renewals from our subscribers.

TO MY SUBSCRIBERS: The date of the expiration of your subscription appears on the wrapper. You are cordially invited to renew your subscription. I do not want to lose any members of the SUGGESTION family; if a dollar is not at hand, mail us a postal asking that the magazine be continued—forward the subscription price when convenient. Why not send us the name of a friend or two who might be interested in our magazine?—EDITOR.

We do Half your Washing Free of Cost

YOU must pay the washer-woman fifteen cents an hour.

It is hard earned money at that. If you do your own washing, or have the servant do it, this steaming, back-breaking, hand-chapping, cold-catching, temper-destroying work will cost you more than 15 cents an hour, in the end.

It takes eight hours hard labor to do the average family wash.

Eight hours, at 15 cents, cost you \$1.20 per week for washing.

This means \$62.40 per year, without reckoning fuel for fires, or wear on clothes.

We will save you half of that—or No Pay.

We will send you our "1900" Washing Machine on a full month's free trial.

It runs on ball-bearings like a bicycle, and it works with motor-springs.

These motor-springs do most of the hard work.

You can sit in a rocking chair and make them do the washing—think of that!

We don't want a cent of your money, nor a note, nor a contract, when we ship you the Washer on trial. We even pay all the freight out of our own pockets, so that you may test the machine as much as you like before you agree to buy it.

Use it a full month at our expense. If you don't find it does better washing, in half the time—send it back to the railway station, with our address on it—that's all.

We will then pay the freight back, too, without a murmur.

But, if the month's test convinces you that our "1900" Washer actually does 8 hours washing in 4 hours time—does it twice as easy—far better, without wearing the clothes, breaking a button, or tearing a thread of lace, then you must write and tell us so.

* * * *

From that time on you must pay us, every week, part of what our machine saves you, say 50 cents per week till the Washer is paid for.

Each "1900" Washer lasts at least five years, yet a very few months, at 50 cents a week, makes it entirely your own, out of what it saves you on each washing.

Every year our Washer will save you about \$31.20 that you would have had to spend for labor of your own, or the labor of others.

In five years each machine saves its owner about \$156.00. Yet the "1900" Washer won't cost you a cent, under our plan, because we let it pay for itself. You need not take our word for that. We

let you prove all we say, at our expense, before you decide to buy it on these terms.

Could we risk the freight both ways, with thousands of people, if we did not know our "1900"

Washer would do all we claim for it?

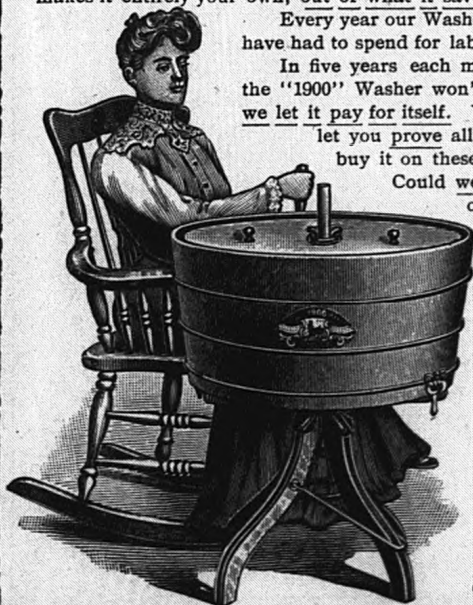

It costs you only the two cent stamp on a letter to us, to bring this quick and easy Washer to your door, on a month's trial.

That month's free use of it will save you about \$2.00. You thus risk nothing but the postage stamp to prove our claims and we practically pay you \$2.00 to try it.

This offer may be withdrawn at any time if it crowds our factory.

Therefore WRITE TODAY, while the offer is open, and while you think of it. A post card will do.

Address me personally for this offer, viz.:

What "Suggestion" Readers Say About Dr. Parkyn's Mail Course in Suggestive Therapeutics.

THIS mail course consists of 42 lessons, and although originally issued in pamphlet form and sold for \$25.00, the lessons are now illustrated and handsomely bound in one large royal octavo book of 400 pages, the price being within the reach of all.

Dr. Herbert A. Parkyn needs no introduction to the readers of this advertisement. Suffice it to say he is the editor of this magazine, SUGGESTION, and the lessons are written in the practical, readable, common-sense style that always characterizes his contributions to SUGGESTION.

Dr. Parkyn's mail course is the result of his fourteen years' practical experience in treating mental and physical troubles by suggestion and rational hygiene. It is very practical and goes thoroughly into the operations of the law of suggestion as applied in health and to sickness. It tells exactly how to proceed to relieve different classes of mental and physical ailments in one's self and in others, and it gives, also, a clear insight into many remarkable psychic phenomena. It is different in theory and practice from anything published along advanced thought lines and tells the whys and wherefores of things. It is the result of observation and practical experiences, gleaned from the treatment of over 11,000 patients, treated in private and clinic at THE CHICAGO SCHOOL OF PSYCHOLOGY, and was written especially for students who could not come to Chicago to take the personal course at the school.

If you are interested in the field work and thought covered by SUGGESTION you can not afford to be without a copy of this course. It has been indorsed by the conservative medical press and by students, thinkers in every walk of life. We append a few of the hundreds of unsolicited testimonials from all over the world.

CONVINCING EVIDENCE.

THE MEDICAL WORLD.—A hasty glance through these lessons gives us an impression that here is an educated, candid and honest man, in a field that has in the past so largely been occupied by cranks and ignoramuses. Ridiculous claims are not made, and the subject is presented in a plain, straightforward, practical sort of way. The lessons are interesting reading, and will be practical and valuable to the student who wishes to take a course in this line of study.

THE AMERICAN MEDICAL JOURNAL.— * * * The subject is handled in a masterful manner.

* * * Dr. Parkyn certainly stands at the head of the list as a teacher of Suggestive Therapeutics and Hypnotism and he offers through his Mail Course an opportunity for every physician to qualify himself upon these important subjects. We can not too strongly recommend this work to the favorable consideration of every physician.

I. M. GARD, Palmer Lake, Colo.— * * * "I am in receipt of your 'Mail Course' in Suggestion, and I must say that I am more than pleased with it and consider that it far excels anything I have yet read on the subject of healing."

ADOLPH S. LEVI, St. Louis, Mo.— * * * I learned more by your Mail Course in the short time of three weeks than in other mail courses I followed in three years.

RICHARD D'AILLY, Memphis, Tenn.—I am very much pleased with the Mail Course and especially so as it strictly adheres to scientific methods and deductions, entirely leaving out all dreaming, taffy and speculation, mysticism, etc., and by so doing places the subject on a sound scientific basis.

THOMAS MORGAN, Youngstown, Ohio.— * * * I have, as before stated, read numerous works on Hypnotism and for over eight years been trying to investigate Spiritualism, Spiritism, Mysticism, Occultism and kindred phenomena.

I like your course best because you "have succeeded in making it simple." That is it exactly, its grandeur exists in simplicity and ease of comprehension. May success always follow your efforts.

CHAS. E. LE GRAND, Salem, Mass.—"I have read many different publications on the subject of Suggestion and Hypnotism, and I find your course one of sound reasoning and so simple that a child can almost comprehend it. Why is it that most writers on the subject try to make it so hard and mysterious for the student to comprehend? Why do they not do the same as you, and put the thing into plain English language?"

REV. RUDOLPH RUPPERT, Boerne, Tex.—I have thoroughly perused and studied your excellent Mail Course. I found the treatises on the different subjects superb.

C. D. WALKER, Macon, Ga.— * * * "I have completed your Mail Course and find it to be clear and concise in every particular. I have taken several mail courses, but must say yours is far superior to them all. It is undoubtedly the best work on Suggestion I have ever seen. I cheerfully recommend this course to anyone interested in Suggestive Therapeutics."

PERCY DE STANLEY, Ph. D., Coshocton, Pa.— * * * No other book which I have read on the subject approaches it in plain common sense and lucid explanation.

(By H. E. LANE, M. D.)

"THE DIAGNOSIS FROM THE EYE" is a most remarkable book, the result of years of careful observation and research. It deals with one of the *most important and far-reaching discoveries* in the science of healing; with the fact, that the *iris of the eye* is a mirror of mind and body and *discloses the inner condition of man*.

It gives absolute proof that the condition of every part and organ of the body is reflected in corresponding parts of the iris of the eye, that every constitutional and congenital taint and lesion, every artificially cured (suppressed) disease, every poisonous drug, every acute or chronic inflammation, every loss of substance, shows itself by unmistakable signs, which enable every one to make a reliable diagnosis of his physical condition after a careful study of the book.

The work is written in plain and popular language and profusely illustrated; it fully confirms the teachings of "Nature Cure," giving practical advice for the treatment of the most frequent diseases, accidents, injuries, blood poisonings, etc.; it is a true and precious counsel, which should have a place in every home.

"The book is the work of a most intelligent mind, one intent on the acquisition of truth and untiring in its search therefor. It is a wonderfully interesting piece of writing, put into a shape admirably adapted to making the subject clear to all who read."—"BOSTON IDEAS."

RESTORE EYESIGHT

SPECTACLES A THING OF THE PAST.

"Actina," a Marvelous Discovery That Cures All Afflictions of the Eye and Ear Without Cutting or Drugging.

A marvelous discovery has been made by that Scientist and Inventive Genius, Prof. W. C. Wilson. He has invented a restorer known as "Actina," through which all afflictions of the eye and ear, such as blindness, granulated lids, cataract, sore eyes, deafness, etc., are cured without cutting or drugging. It is a simple contrivance, known as the Actina Pocket Battery, and through it the patients cure themselves in the privacy of their own homes. It not only abolishes the butcheries and torturous methods practiced by oculists and aurists, but at the same time perfects a positive and lasting cure.

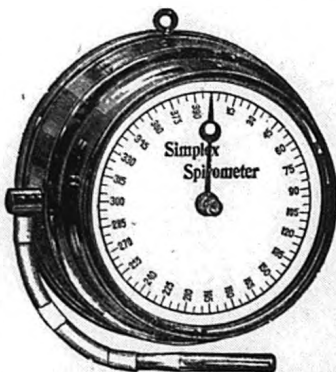

General Alexander Hamilton, Tarrytown-on-the-Hudson, N. Y., highly recommends "Actina."

Mr. F. W. Harwood, Springfield, Mass., says that "Actina" cured him of deafness of nine years' standing.

Mr. A. L. Howe, Tully, N. Y., writes: "Actina" has removed cataracts from both of my eyes. I can read well without my glasses; am sixty-five years old.

Robert Baker, Ocean Beach, Cal., writes: I should have been blind had I not used "Actina."

A party of prominent citizens has organized a company known as the New York and London Electric Association, and they have given this method so thorough a test on hundreds of cases pronounced incurable and hopeless that they now positively assure a cure. "Actina" is sent on trial postpaid. If you will call or send your name and address to the New York and London Electric Association, Dept. 206B, 929 Walnut St., Kansas City, Mo., you will receive, absolutely free, a valuable book—Prof. Wilson's "Treatise on the Eye, and on Disease in General," and you can rest assured your eyesight and hearing will be restored, no matter how many doctors have failed.

The Simplex Spirometer

People often remark that they need a change of air. What they need is less a change of air than a change in their manner of using the air. Few people breathe correctly. Most people in breathing use but a small portion of the lungs. A recent investigator makes the startling statement that in an examination covering several thousands of cases he found less than one per cent. of people who breathe correctly.

Strong Lungs Readily Acquired by Practicing with the Simplex Spirometer

A perfect exerciser for the Lungs, Chest, Throat and Voice. Brings grace, beauty, health and strength by natural methods. Straightens round shoulders, develops the chest, reduces large necks, fills and rounds emaciated ones. Compels deep, healthful and correct breathing and brings permanent health and tone to the lungs, throat and voice.

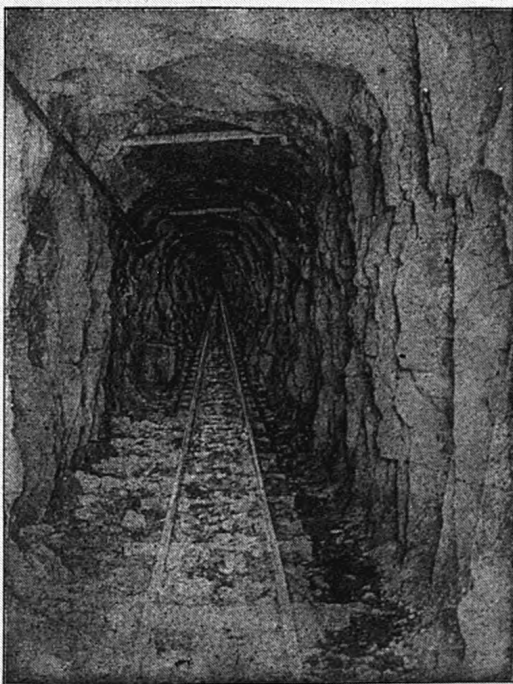

If you need more health, strength, vim and power for your work send for our 16-page illustrated pamphlet, "The Science of Breathing," and full particulars about Simplex Spirometer. If you will write me of your condition I will give you the benefit of my more than 40 years' study of this subject free, and tell you frankly what you may expect to accomplish. Send your address on postal card at once and receive our limited time great premium offer.

The ADMIRAL

Is one of the most promising mining properties in the greatest gold producing state in the country.

The properties comprise twelve lode mining claims, two tunnel sites and four mill sites, including the most valuable water rights in the vicinity.

A VIEW IN THE ADMIRAL TUNNEL

The work of opening up the various claims is being prosecuted through an extensive development tunnel which has now entered the mountain a distance of 1,050 feet, cutting three veins. Drifts on these veins disclose large bodies of ore running from \$5.00 to \$28.00 per ton. Assays taken on the surface south of this point show values from \$22.00 to \$38.00 a ton.

With the natural advantages of water and transportation at the Admiral we can handle \$7.00 ore at a profit.

Our Own Water Power Plant

operates all machinery at the minimum cost. Three big air drills are in use advancing the main tunnel and drifts.

PILES AND CONSTIPATION

Quickly and **Permanently Cured** by the use of Dr. Young's Dilators. This treatment is no experiment; it has been successfully used in thousands of cases, many of them desperate ones on account of the long continued use of cathartic candies, liver pills, and laxative nostrums, and it

never fails to give prompt and lasting relief. The philosophy of rectal dilation as a means of curing disease is based on the power that nature has given the rectum, with its sphincter muscles, in controlling the energies of the body. Scientific and practical, it simply cannot fail, as it accomplishes just what is absolutely necessary for a permanent cure. The dilators can be used by any one with perfect safety and can only do good in any case. Don't continue the use of liver pills and nostrums. Every dose does harm and further weakens the system. **Young's Dilators** restore the circulation and

health. Our book explains it. Call or send for a free copy. We sell the dilators under a **guarantee** to be satisfactory or refund your money. Price, per set \$3.00. Sold by leading druggists and surgical instrument dealers.

DISEASES OF MEN					
			Nos. 60 to 70 inclusive form the most complete line of remedies for private diseases ever placed upon the market. For reasons which will be understood we do not place in this magazine, intended for family use, any extended mention of diseases of a private nature.		

The results have been marvelous.

WHY NOT YOU?

When writing to advertisers please mention **SUGGESTION.**

"The reason why most men do not accomplish more is because they do not attempt more."

A Soliloquy

The man who is playing a losing game in life
is a man who neglects to acquire knowledge—
intimate and practical knowledge of

**Himself and his powers, Character and
Health Building, Human Nature, Applied
Business Logic, Mind Culture—Psychology**

Yes, he is just like the man who fails to correctly estimate his costs. He may last for a while, but his more accurate and careful competitor will eventually put him out of business. I do not believe there is any element of costs so fatal to a man's permanent success as the cost of neglect in finding out about the facts, laws and principles of these all-important subjects.

It costs a great deal of money to acquire an education, hundreds of dollars, but this, I am sure will cost but a small sum, comparatively, and being prepared for a business man exclusively, it must be more valuable from a practical standpoint.

What am I going to do about it, since thousands of progressive, wide awake business people are getting this knowledge? A very practical, common sense question, isn't it?

No thinking man can make but one answer: "I will begin at once to acquire this knowledge by 20th Century methods." The other fellow may have a lead, but what of that?

Thoroughness and skill will win, so I will be there at the finish. It does not require a wise man to study and master these subjects, but one who loves wisdom. Loving wisdom, I must not delay a single day, but begin by sending in my request for full information to The Sheldon School.

Send three 1 cent stamps for our new illustrated 48-page Prospectus. Thousands have investigated and taken the Course and are rejoicing in the increased results. We don't see how it can be a matter of indifference to any one. Address

Why Should These Things Be?

"Some are born to honor and others to dishonor; some to wealth and others to want; some in the midst of crime, ignorance and sorrow, others envied in happy conditions. When and where is the Law of Compensation applied to equalize these conditions, or why should these things be?"

This great question is fully answered in Science and Key of Life, Planetary Influences, by Alvidas et al. Vols I., II. and III., about 260 pages each, now ready. Price, \$1.50 per volume, prepaid. Descriptive pamphlet, containing table of contents, etc., sent on application.

The NATURAL LAW of CURE

Suggestion Cures when it Suggests the Cure

The human body is a receptacle for a storage battery, and will always run right while the chemicals are present in proper quantity and combination, as surely as an automobile will run when charged or supplied with the necessary ingredients to vibrate or cause motion.

Symptoms, called disease, disappear or cease to manifest when the food called for is furnished. **BIOPLASMA** is a perfect nerve, brain, and blood food, composed of the phosphates, sulphates, and chlorides contained in vegetables, fruit, grains, and nuts. It supplies deficiencies in the chemistry of blood and cures disease.

THREE OUT OF FIVE

Men suffering from weakened nerve force, constant depression, gloomy forebodings, fast becoming unfitted for active business life, fail to attribute their deplorable state to the proper cause. They know they

HAVE VARICOCELE

as they have suffered much discomfort on account of it, particularly while standing. But the evil effects due to Varicocele are so gradual that they neglect it until the entire system is undermined and they are forced to realize that something must be done to prevent them from breaking down completely. To such sufferer I say, don't fall into the hands of Quacks—don't submit to the knife—don't pay enormous sums to so-called specialists—

Cure Yourself at Home

I have successfully treated and cured thousands of cases with a patent mechanical device which is absolutely guaranteed to cure any case of Varicocele painlessly, rapidly and permanently without inconvenience or loss of time from business. Send only \$2.00 to Mark M. Kerr, M. D., 343 Park Building, Cincinnati, and receive the full guaranteed treatment with simple instructions by return mail.

A treatise on the cause, effect and cure of Varicocele sent sealed **FREE OF CHARGE.**

Worn next the body.

90 PER CENT of all men who wear a support are doing so on the advice of physicians—simply because they failed to realize its importance while in health.

Men who value the power of manhood or a refined appearance, wear the **ADONIS** as a safeguard and comfort, to keep well and sound. Varicocele is the cause of nearly all nervous break-downs among men. With this insidious disease sapping the nerve-force, there is not sufficient reserve for the duties of life. It usually comes from lack of support; sometimes from a bruise or strain.

Every physician who really desires a cure, prescribes a support, and the **ADONIS** is the one, wherever it is known. It is especially designed for the prevention and cure of varicocele and kindred ailments. It is the one natural, scientific supporter. It strengthens virility, the foundation of all success and enjoyment of life. It is a real comfort to body and mind and will help any man do more and better work without tiring.

FREE with the **ADONIS**, full directions for the cure of varicocele while you work. No drugs, no cutting, no expense, except for the **ADONIS**.

ADVERTISEMENTS.

The Ensign Remedies

are composed of physiological foods, the most vital elements of the body. Albumen, fats, etc., make bulk, but the life and animation of the body is only possible through the cell salts. Therefore they are the most necessary foods, and the nearer they are maintained in the body at the natural proportions the more susceptible that body is to good impressions and the more capable in transmitting them. In maintaining the mind at a rational standard the cell salts are the only necessities. To see, to think, to remember, and all other voluntary mental acts the salts furnish all of the elements. Indeed, without the

body would be an inanimate, shapeless mass, without form and void. Then it is more important to attend to this food supply than to any other. We furnish the salts in such form that they are at once assimilated and enter immediately into the cell life. We use 29 tissue salts. We cure all diseases by feeding the tissues: The nerves, the brain, the muscles, the bones. We enable Nature to build up and repair.

All remedies are put up in small granules, dry, the vials containing about sixty doses. Forty remedies are sold at 25 cents each. For private diseases the price is \$1.00.

We have four booklets now. One on General Diseases, one on Private Diseases, one on Diseases of Women, and a special booklet (just out) on the Cause and Cure of Varicocele. A request will bring you any or all of these.

Gray or Faded Hair or Beard

Can now be restored to its natural color by taking medicine internally (10 to 20 drops, 3 times a day) that supplies the blood with this particular coloring matter. I discovered this fact some years ago while giving this medicine to a lady 63 years old, whose hair was **White**. She was greatly surprised (but no more so than I was) to see her hair gradually getting darker and it became a **Nice, Glossy Black**, with not a gray hair on her head. I do not understand what causes the change in color, unless, as stated above, the medicine furnishes the blood with some certain coloring matter that nature has failed to supply. I have this formula printed and will send to anyone for only \$2.50 and will refund your money if it fails to restore the color as it was when young. It is harmless. Can get it in any drug store. I have sold this formula to hundreds and have not been asked to refund the money by to exceed half a dozen. The same medicine will prevent hair from ever turning gray. Address

Healing Currents

From the

Battery of Life

BY WALTER DE VOE

A Book that Awakens the Healing Power in the Soul

It teaches the glorious truth that frees from sin, sickness, poverty and pain

It is a specially remarkable book—vibrantly alive with almost tangible soul-force—and when he says "teach your body to think" he is but advocating what he has done himself, and what his very words seem in process of doing as the book develops. *Boston Ideas.*

One of the ablest books I have ever seen on the subject of lifting life—physically, mentally and spiritually, to a higher plane. It is certainly one of the most exceptional value in its wise adjustment and relation between the physical and spiritual planes of life. *Lilian Whiting.*

Write a letter to your local public library asking them to send for a copy of this book; thus you will aid hundreds to a knowledge of the healing truth.

The Colton Rest Cure

This is a modern, hygienic institution for the rational cure of disease. The treatments given are especially valuable for nervous conditions, insomnia and for diseases peculiar to women. The overworked and anemic are restored to health and vigor.

THE MILK TREATMENT

This institution uses the milk treatment, which has produced such marvelous results. Many prominent physicians and Mrs. ELLA WHEELER WILCOX strongly endorse the milk treatment, and in the *Chicago American* of October 1st she makes this statement:

"Osteopathy and the milk diet are the two great bridges between the old medical school, fast becoming obsolete, and the new spiritual school, fast becoming understood.

"An organic heart trouble is, to my belief, the only disease a persistent milk diet will not cure, consumption and incipient cancer not excepted.

"To all absolute invalids I would suggest several weeks at the best milk cure to be found, in order to tide over the unpleasant phases of the treatment.

"After a few weeks, the diet can be pursued at home and while continuing the daily vocations."

We guarantee the most satisfactory results in every case accepted; no drugs, batteries, medicines or unpleasant methods used. If you are sick, tired, discouraged, nervous, worn out, despondent and have lost hope, write or call. Thousands have been restored

to health by these treatments; let us help you. Write today.

CONSTIPATION INDIGESTION

And all DISORDERS of the
STOMACH and BOWELS **CURED**

READ THIS!

Room 23, 28-6th St., South, MINNEAPOLIS, MINN., 11-7-'03.

To The Orange Manna Co.,

Gentlemen:—Mirabile dictu! "Can such things be and not overcome us like a summer storm?" I duly received your kind letter of the fourth inst., and also a sample of ORANGE MANNA. Between 8 p. m. and bedtime I ate two of the sweet-tasting cubes and this morning I had a natural action from my bowels without any other assistance. I had been compelled for several years to resort to fountain syringe to produce an evacuation and this is the first time in all these years that my bowels let go naturally. My trouble is *weakness* of the bowels and catarrh. My bowels used to feel very uncomfortable in the mornings. Now I am not so distressed on arising and this morning I felt in a normal condition. I will try your preparation and if it cures me I will herald it from Dan to Beersheba.

Yours truly, GEO. RICE JONES.

Here is Our Guarantee

We guarantee that if any person takes six bottles of ORANGE MANNA strictly according to directions and at the end of the time can tell us that they have not been entirely relieved of Constipation, Indigestion or any other disorder of the stomach or bowels, then we will refund the money paid us.

READ THESE!

WILTHAM, MASS., Jan. 19, 1904.

I think ORANGE MANNA is doing me lots of good and I am much pleased with it. I have not quite used it all yet and my liver and constipation are much better; my friends say my complexion is ever so much clearer and that I do not have that sallow look. I think ORANGE MANNA is all right and I am glad it does not contain any drugs. Wishing you success.

Truly yours, ALICE M. HAYON.

WISCONSIN, Sept. 14, 1903.

ORANGE MANNA has done me so much good. I have suffered many years with indigestion, constipation and liver troubles; have employed the best physicians, but received no cure until I used ORANGE MANNA. I can recommend it very highly to all.

Yours truly, HARTWELL FARWELL.

BEILMOND, VA., Jan. 30, 1904.

I am pleased with the ORANGE MANNA and can say that just the one box I have taken has done great things for me and I expect "more to follow," so I enclose an order. Wherever I can advertise your goods by word of mouth, also among friends or anywhere, I shall be glad for their sake, as well as yours, so to do.

Most respectfully, CHARLOTTE G. ROBERTSON.

GAINESVILLE, TEXAS, Dec. 27, 1904.

I have used your remedy and am greatly benefited. I have tried doctors and they did me no good. I am now in better health than I have been for twenty years. I am 62 years old. I can recommend your ORANGE MANNA. Please send me the agency for Cooke county.

Yours truly, MRS. M. J. PARKER.

MONCTON, IND., Nov. 18, 1903.

In reply to your letters and the sample of ORANGE MANNA, I can say that after taking the one day's treatment, I have suffered but very little with my stomach, and I hadn't had any rest for three weeks before.

Respectfully yours, MRS. JULIA COLBY.

DECATUR, ILL., March 2, 1904.

I am now taking my second box of ORANGE MANNA, and it is doing me a lot of good. I have noticed one change: before taking ORANGE MANNA my appetite was very poor, but it has increased wonderfully and now I can eat three hearty meals a day. I always speak a good word for ORANGE MANNA, because I think it will do what you claim for it. Hoping you will accept my sincerest thanks, I remain,

Yours respectfully, JULIE R. YOUNG.
